## COURT DENIES SHORT CUT ON WILL DISPUTE

The Adams County court in an opinion handed down today declined to bypass the register and recorder's office in the efforts of Hanover General Hospital to share in the \$29,311.52 estate of Eva Lohr, a resident of Mt. Pleasant Twp. who died January 12, 1963.

A brother of the deceased, Raymond Geisler, 8 W. King St., Littlestown, entered a three-page written will, signed by witnesses, in the register's office and was named as executor in accordance with the will.

Hanover Hospital took exception to the will, presenting a written page purporting to be the fourth page of the will, or a codicil, leaving the residue of the estate to the hospital.

### DENY REQUEST

The hospital then asked the court to combine the hearing before the register and recorder and trial in order to speed final decision.

In its opinion, the court ruled that the desire of the hospital to obtain an immediate final decision is "commendable," but held the proposed method would "bypass the register of wills as to the probate of the additional sheet of paper and to treat the case as though it were here on appeal from his probate or refusal to probate that paper."

The orphans' court, the judge said, "has no original jurisdiction of probate and can pass finally only on a matter of probate on appeal from the decree of the register of wills at this paper or on his certification to the court."

As a result, the court held, the request to combine the hearing and trial is denied.

## HOLD TAWNEY ON 3 CHARGES AFTER HEARING

James E. Tawney, 44, of 346 W. Middle St., placed in the county jail February 18 on charges of receiving stolen goods, offering a motor vehicle for sale on which a number plate has been altered, and conspiracy, was held for county court on those counts following a hearing Wednesday afternoon before Justice of the Peace Robert P. Snyder.

He immediately furnished \$5,000 bail to guarantee his appearance at the May term of court for trial. He then was taken to York County on a detainer to face similar charges there, and is also scheduled to go to Lancaster County to face charges in connection with the case there.

Tawney and Thomas E. Stepp, 40, Reading, were arrested February 18 in connection with the alleged theft of a \$20,000 motor tractor stolen from Martin Motors, Lancaster, and found parked near Orrtanna.

### STOPP IN JAIL

Tawney was accused of offering the truck tractor for sale to local persons. Stepp was alleged to have been involved in the transaction. The truck tractor was alleged to have had on it a manufacturer's number plate stolen from another truck in Baltimore.

A third man reportedly involved in the incidents here was arraigned recently in Hanover in connection with a stolen car sold there. No hearing has been held locally for Stepp and he remains in the Adams County jail at the present time.

State police here said Tawney is scheduled to face charges of receiving stolen goods, offering for sale a vehicle with altered numbers and conspiracy before Justice of the Peace Dayne E. Garrett, Hanover, and after that will appear in Lancaster County to face charges of larceny of a motor vehicle and conspiracy.

## More Kennedy Books Arrive

Another shipment of 600 books published by The Associated Press on the assassination and burial of President Kennedy has been received by The Gettysburg Times.

Those persons who placed advanced orders for this volume may call for their copies at the business office of The Times.

The understandable delay in the delivery of this shipment is accounted for in the fact that the initial printing now exceeds 3,000,000, considered the largest first printing of any book.

Another amazing recognition is that the book is not and will not be available at book stores. All orders are received through Associated Press newspapers, such as The Times.

The current shipment will not fill the remaining advance orders. Another shipment will be ordered for Times subscribers who have not received a copy.

It cost approximately \$1,464 for the county to care for each of its guests at the county home during the last year, according to annual financial report of the county's operations filed by the county auditors with the state Department of Internal Affairs.

The audit shows operation of the county home during 1963 cost the county \$111,297.20. With approximately 76 guests at the home daily throughout the year the cost would average out to \$1,464.44 per guest.

Other expenditures by the county, not previously listed in stories listing details of the financial report, included outlay of \$7,124.77 for the county superintendent of schools office. The amount includes \$2,954.89 paid for a secretary; \$1,253.28 for telephone and postage; \$1,446.28 materials and supplies; \$450.90 for capital outlay; \$662.13 for payment to the county superintendent of schools office; and \$267.38 miscellaneous.

## EASTER SEAL SOCIETY AIDS HANDICAPPED

If Adams County folk could see plucky youngsters struggling to overcome their handicaps in the therapy center the Easter Seal Society conducts here, there would be no question about the response to the current Easter Seal sale.

That is the belief of Mrs. Harry E. Biesecker, Cashtown, the Easter Seal sale chairman for the Adams County Society for Crippled Children and Adults.

Mrs. Biesecker and her committee this week sent letters to more than 6,000 county organizations and individuals asking them to buy Easter Seals to provide funds with which to carry on the society's work this year.

### SCORES ARE HELPED

A dozen crippled youngsters, most of them victims of cerebral palsy, and others crippled by polio or Perthes disease, go to the center twice a week for exercise, heat or whirlpool treatments to help them edge a little closer to normal lives by steadily overcoming their physical handicaps.

Scores of other youngsters are helped in their homes by society representatives and the society pays for costly special shoes, braces or crutches.

The society spent more than \$600 last year sending crippled youngsters from the county to summer camps for crippled children that are set up and operated by the state Crippled Children's Society. Some of the funds from the current seal sale go to the state organization for the summer program. A tiny fraction of the amount received from the sale of every seal goes into research at the national level into the causes and conquest of crippling ailments.

### DEBBIE IS TYPICAL

Mrs. Biesecker pointed to Debbie Carson, 11, daughter of Mr. and Mrs. Harry Carson, Gettysburg R. 1, as being typical of the youngsters being helped at the therapy center. Each month from 60 to 80 treatments are given in the two half days a week the treatment center is devoted to the care of youngsters assigned there by the Crippled Children's Society.

Debbie is learning to balance herself on her Hofstrand crutches and can walk with assistance. She is becoming able to tie her own shoes and perform other daily activities for herself for the first time. Most of her treatments consist of special exercises.

## List Improvements In Park Equipment

Kittridge Wing, Gettysburg National Military Park superintendent, announced that a rear-view motion picture and slide projectors have been installed in the amphitheater building on W. Confederate Ave.

The new equipment will make possible the showing of slides and films during the summer campfire programs from behind the screen, thus eliminating noise and lighting distractions that accompany an exposed projector.

Also recently installed and presently in use in the Park Visitor Center, is a new Cyclorama sound tape, Wing said. Although the script is the same, the voice is that of Joseph Given, a radio and television announcer. Minor changes in the lighting and sound are also in effect.

## Junior Firemen May Hold Dance

A committee to investigate the possibility of holding a dance was named by President James Nett Wednesday evening at the meeting of the Gettysburg Junior Fire Department in the engine house.

Four new members were approved, James Campbell, Michael Leathersman, George Stull and Raymond Hanisko, bringing the membership to 38. Members were asked to encourage additional youths to join the organization.

Preliminary plans were made to set up a communications system between the radio room at the engine house and the recreation room of the junior firemen.

## Easter Seals At Work Here

Eleven-year-old Debbie Carson, Gettysburg R. 1, is making progress steadily at the therapy center conducted two half days a week at the Warner Hospital by the Adams County Easter Seal Society. In the photo below J. L. Wandel, the hospital's physical therapist, encourages Debbie to take steps on her Hofstrand crutches. She wears a protective helmet and special belt so that she may be assisted in her efforts to walk. Debbie gets treatments twice weekly and checks her progress in the full-length mirror.

## Hoffa Is Convicted Of Trying To Bribe Jury; Faces 10 Years And Fine

CHATTANOOGA, Tenn. (AP)—James R. Hoffa, president of the nation's largest labor union, stared in grim disbelief Wednesday when he heard himself declared guilty of trying to rig a federal court jury.

It was his first conviction in four trials.

His lawyers said motions for a new trial would be filed with U.S. Dist. Judge Frank Wilson within five days.

The conviction could mean 10 years in prison and a \$10,000 fine for Hoffa, head of the Teamsters Union.

The verdict brought congratulations to the prosecutors from Atty. Gen. Robert F. Kennedy—long accused by Hoffa of waging a vendetta against him.

## Driver Hurt When Car Strikes Pole

Joseph D. Carpenter, S. Washington St., suffered lacerations of the chin and elbow when his car hit a utility pole this morning at 3 o'clock on W. Middle St.

Carpenter was removed from the scene of the accident to the Warner Hospital by Harry J. Reese, Iron Springs, a passing motorist, who came upon the scene shortly after it occurred, according to the police report.

Police said Carpenter was driving east on W. Middle St. and lost control of his auto after it came over the crest of the hill at W. Confederate Ave. His car went across the lawn at the home of Joseph Hoffman and crashed into a Metropolitan Edison pole, breaking the pole. Damage to the car was estimated at \$600. There was no estimate of damage for the pole.

## NOTED PIANIST WILL RESIDE HERE FOR YEAR

An advertisement in the Saturday Review several months ago when Dr. Robert Bloom decided to sublet his house in Twin Oaks during his sabbatical leave has resulted in the addition to the Gettysburg area of a concert pianist and his family.

Fred Coulter, international pianist, and one of this country's leading artists, answered the Bloom advertisement and moved last week to the Twin Oaks home with his wife and two children. He is currently on tour of the east and mid-west, playing concerts at colleges in Georgia, Kentucky, Michigan, West Virginia and Virginia. The current tour, which will end late this month, also includes a concert at the Phillips Gallery, Washington, D.C.

He will appear Friday evening in Louisville, Ky., prior to going to Ann Arbor, Mich., Monday. The tour will close with a concert at William and Mary College, Williamsburg, Va.

### NATIVE OF MICHIGAN

A native of Beulah, Mich., he studied at Juilliard School of Music and earned a master's degree in music at the University of Michigan. He has resided with his family for the past four years in France where he studied and toured Europe as a concert pianist. The 30-year-old artist-composer has been a concert pianist for the past three years.

Mrs. Coulter explains that they chose Gettysburg as their home this year because of its location to the area in which her husband will tour during the year. He will return to Europe sometime this year for additional concerts.

## T. Rhey Zeigler Injured In Crash

T. Rhey Zeigler, 54, Gardner, suffered lacerations of the left ankle and hand and was admitted as a patient in the Carlisle Hospital following an accident on the Carlisle-Gettysburg Rd. at 11:10 Tuesday morning.

State police from Carlisle substation reported Mrs. Lois A. Wert, 33, Carlisle, drove out of a private driveway at Midway, near Carlisle, and entered Route 34 in the path of the north-bound Zeigler car. The Zeigler vehicle struck the rear of the Wert auto. Damage was estimated at \$150 to the two vehicles. Mrs. Wert suffered minor injuries and was examined at the hospital.

## COUNTY BOARD VIEWS WORK OF SPECIAL "ED"

Members of the Adams County Board of School Directors were engaged today in an inspection tour of the special education program in public schools throughout the county which involves a staff of 31 and from 600 to 800 pupils.

This program that operates on an annual budget in excess of \$200,000 has grown to these proportions since special education work was begun here in 1942 when Adams and Franklin Counties shared the services of the first supervisor of special education Miss Dorothy Warner.

The tour began at 8:30 o'clock this morning at the Day Care Center on E. High St. with County Superintendent of Schools M. Francis Coulson and his assistant, George B. Inskip, and the supervisor of special education, Miss Elizabeth Rutledge, accompanying the board members.

### NOT BABY-SITTING

The directors were briefed there on the special education program by Supt. Coulson and Miss Rutledge and the schedule for the day that will take the group to New Oxford, Biglerville, Franklin Twp., the Eisenhower Elementary School here and the Gettysburg Junior High School. They lunched at Biglerville.

Describing the Day Care Center program that has a staff of five for 45 youngsters not able to attend regular school classes, Miss Rutledge said, "This is not just a baby-sitting project. The big thing we do here is to make the children more self-sufficient in the home and able to do more for themselves. Some may be able to earn some money later but we are making a more normal home life possible for them, their parents and their normal brothers and sisters. Such benefits to the home just cannot be measured."

She said the Adams County Day Care Center, which operates at below average state costs for such undertakings, often has been observed by professional educators, she said. "Most youngsters here would be institutional cases if it were not for the Day Care Center," she said. "Institutional care costs \$3,000 a year per person. We train them here at the rate of \$400 to \$500 each."

### CITES FUTURE NEEDS

Both Miss Rutledge and Supt. Coulson spoke of the need for staff expansion in special education (Continued On Page 2)

## 3 INJURED IN 4 ACCIDENTS ON WEDNESDAY

Three persons were injured in four auto accidents investigated by state police Wednesday in which fog was at least partially blamed.

Clair R. Slaybaugh, 52, Idaville, suffered lacerations of the forehead and chest injuries when a tractor-trailer made a left turn in front of him at Schriver's Corner, four miles north of here, at the intersection of the Harrisburg Rd. with the Table Rock-Hunters-town Rd.

State police said Slaybaugh was driving west, coming into the intersection, when Robert J. Fidler, 24, Jersey Shore R. 1, operating a tractor-trailer east on the Table Rock Rd. into the intersection, turned north onto Harrisburg Rd. Damage was estimated at \$250 to Slaybaugh's car, which was described as demolished, and \$1,000 to the tractor-trailer. Slaybaugh was removed to the Warner Hospital where he was admitted as a patient.

### WOMAN INJURED

Mrs. Pauline Kress, 62, Gettysburg R. 6, suffered a possible fractured pelvis, a cut on the lip and a sprained ankle when a car struck the rear of an auto from which she was disembarking two miles north of here on the Biglerville Rd. at 2:40 o'clock Wednesday afternoon. She was admitted as a patient at the Warner Hospital. State police said Violet Manahan, 42, Gettysburg R. 6, stopped her northbound car on the highway to permit Mrs. Kress to disembark. At that moment a northbound auto driven by John R. Staub, 21, Gettysburg R. 5, struck the rear of the Manahan vehicle. Damage was estimated at \$200 to the Staub car and \$100 to the Manahan vehicle.

Sharon Martin, 14, Gettysburg R. 4, suffered a sprained ankle, which was treated at the Warner Hospital, when a car in which she was a passenger crashed into a school bus on the Heidelberg (Continued On Page 8)

## Family Sickened By Coal Gas Fumes

The timely arrival of a school bus driver at the home of Earl W. Martin, Gettysburg R. 3, near Fairfield, found the parents and their five children nearly overcome by coal gas fumes that had accumulated in the home overnight.

The youngster that usually rides in the Glenn Hess station wagon to the Day Care Center here was too ill to go to school and other members of the family were "toppling over after taking a few steps," Hess said. Martin met Hess unsteadily at the door and reported "the whole family is sick."

That breath of fresh air helped revive him and Hess opened windows and doors to get fresh air to other members of the family. He notified Dr. Robert Lefever who went to the home. The physician said that the family, although severely poisoned by the fumes, did not require oxygen. Fresh air was enough, he said.

## JOHNSON AT FUNERAL FOR MRS. WAGNER

NEW YORK (AP)—President Johnson flew from Washington today for the funeral of Susan Edwards Wagner, wife of Mayor Robert F. Wagner.

But heavy fog over New York City airports made the arrival of the presidential party, including a delegation from Congress, uncertain. The plane landed at Newark Airport at 10:41 a.m.

Among the other dignitaries who planned to attend the service in the Madison Avenue Presbyterian Church were Francis Cardinal Spellman, who has never before attended a protestant funeral in his 25 years as Roman Catholic archbishop of New York, and New York's two Republican senators, Jacob Javits and Kenneth Keating.

### ROCKY ABSENT

Gov. Nelson A. Rockefeller, campaigning in New Hampshire for the Republican presidential nomination, decided not to come to the funeral because of bad weather.

Mrs. Wagner, 54, died Monday of lung cancer. She had been the city's first lady for a decade.

Before the service, the mayor and his sons were accompanied by top city officials at a low Requiem Mass, offered in behalf of Mrs. Wagner although she was not a Catholic.

Mrs. Wagner, a Presbyterian of Quaker background, desired to be buried in the Wagner family plot of Old Calvary Roman Catholic Cemetery in Queens. Cardinal Spellman gave special dispensation for her wish to be granted.

Special security precautions for the President included stationing men on nearby roofs and closing the funeral service to the general public. Wooden barricades blocked traffic beside the church at Madison Avenue and 73rd Street.

More than 5,000 persons, including Cardinal Spellman and U.S. Atty. Gen. Robert F. Kennedy, visited the bier Tuesday, and about the same number of mourners paid their respects Wednesday.

## King Paul, Greece, Fighting For Life

ATHENS (AP)—King Paul of Greece was given Holy Communion today as he hovered between life and death.

Athens Radio announced that a palace priest gave Communion to the 62-year-old king, the world's only reigning Orthodox monarch, after a Mass in the chapel at Tatoi Palace.

The radio said: "The king is fighting with death, and his wife, Queen Frederika, is at his bedside as he suffers his mortal agony."

A palace bulletin this morning said there was "no change" in the condition of the king, who collapsed five days ago with complications following an operation Feb. 21 for a stomach ulcer.

Reports circulated during the night that the 62-year-old monarch had gone into a coma.

## Threatens Crowd With Tear Gas

WILMINGTON, Del. (AP)—Louis Gelman, 42, of West Chester, Pa., was arrested Wednesday night after police said he threatened a patrolman and endangered some 100 shoppers with a tear-gas pen in a busy downtown department store.

Gelman was charged with disorderly conduct and threatening bodily harm and was held in \$800 bail for appearance in Municipal Court today.

Police said Gelman was captured as he backed out of the Wilmington Dry Goods Co., saying he would "blind you all if you come near me."

Patrolman Samuel Hall grabbed Gelman from behind as patrolman Ralph Pryor pleaded with him not to turn loose the gas for fear it would strike some of the shoppers and children gathered nearby.

## 1,000 CUBANS FIRED BY U. S. AT NAVY BASE

By FRED S. HOFFMAN  
WASHINGTON (AP)—More than 1,000 Cuban workers have been fired from the Guantanamo naval base, and the Navy has ordered U.S. sailors there to replace them.

The Cuban workers discharged to date total more than half of the 1,800 who came through the gate each day.

The Associated Press learned this today after the United States spurned an offer by Prime Minister Fidel Castro to turn on the water to the base once again.

### CHAIN REACTION

Castro's halting of the flow of fresh water to Guantanamo a month ago set off a chain of U.S. reactions, including the firing of Cuban workers who commuted to jobs on the base.

The United States has vowed to make the base self-sufficient. It has made arrangements to build a \$10-million permanent water desalting plant and associated equipment for converting sea water into fresh water.

The Navy now is supplying water to the base with relays of huge tankers shuttling between Florida and Guantanamo, on Cuba's eastern end.

At last report, the base had 17 million gallons of water in storage. This is about 1 million more than were in storage tanks on the day Castro shut off the tap because the United States was holding 36 Cuban fishermen accused of poaching in U. S. waters.

### MORE MAY GO

There was no indication how many more of the daily commuting workers would be discharged.

There are 600 Cubans who live on the base permanently and 600 others who have been returning to Cuba only on weekends.

"Military replacements are being ordered to Guantanamo," the Navy said when asked what was being done to fill the manpower gap left by the discharged Cubans.

A spokesman said these replacements are Navy men, probably including Seabees.

provide more program development, personal supervision and program coordination.

Mr. Coulson noted the need for renewing a program in the county for the visually handicapped. Inability to find a teacher has suspended this work for several years.

The county superintendent reviewed the expansion of the special education program in the county since 1942 to the point where the staff headed by Miss Rutledge includes an assistant, three speech therapists, four teachers and an aide in the day care center, 10 elementary teachers in county schools, seven secondary teachers and a part-time psychiatrist consultant. There are also bus drivers used in the transportation program that brings youngsters from all parts of the county to the day care center. The county owns three station wagons used for this purpose.

SEE TEAM TEACHING  
The home school districts contribute to the cost of the special education costs and the state pays the balance, Mr. Coulson explained.

Another future field for expansion of the special education program in the county is among the gifted or more talented pupils, Supt. Coulson said.

From here the school officials went to New Oxford to visit an elementary class taught by Miss Carolyn Rodgers and a high school class taught by Richard Fasnacht. Then they went to Biglerville to visit an elementary class taught by Edward J. McFadden. After lunch they visited the elementary class taught by Mrs. Fred Lewis at Franklin Twp. school at Cashtown, now in its first year of operation.

Team teaching in an elementary class by Mrs. Eunice Boden and Mrs. Russell Schwartz and an intermediate class taught by Mrs. Kathryn Schultz at Eisenhower school were observed and then the group will see Mrs. Patricia Hollingsworth teach a speech class at Keefeauw school before going to the junior high school to see team teaching by Mrs. Miriam Wilson and Gene Albright.

## School Board In New Oxford Adopts Budget

The New Oxford Area School Board Wednesday evening employed a new elementary teacher and tentatively adopted the 1964-65 budget at a meeting in the high school building conducted by Glenn M. Haar, president.

Miss E. Jeanne Thomas, Littleton, was employed at a salary of \$4,600 to succeed Mrs. Judith Winebrenner, Third Grade teacher whose resignation from the faculty was accepted.

The proposed budget includes estimated expenditures for the coming year of \$693,060 with estimated receipts at \$693,145. The estimated balance July 1, 1964, is \$11,442.45, with \$704,502.45 in available funds. The new budget is slightly higher than last year because of mandated salary increases, but the new budget will be met without any tax increases, the budget committee reported. Final adoption of the budget will occur at the April meeting.

The board adopted a salary adjustment schedule for experienced teachers for the 1964-65 term. The adjustments will benefit all teachers except first and second year teachers, who are covered in the mandated schedule. The system employs approximately 60 teachers.

The board referred six bids for the insurance program to the insurance committee, of which Haar is chairman. The committee will inspect the bids and make recommendations for awards at the next meeting. The specifications include all types of insurance required for school purposes.

Supervising principal Charles W. Hash was authorized to submit the assumption form to the South Central Educational Broadcasting Council indicating the school's interest in educational television. The proposed budget includes \$1,300 for the program in the event that the board adopts the program.

The board approved payment of bills in the amount of \$34,888.22.

The county spent \$159,541.69 from the liquid fuel fund during the year. Of that amount \$8,768.89 went for maintenance and repair of bridges, \$84,044.57 was spent to construct bridges, \$11,860.46 went to the boroughs for county aid, \$31,643.98 went to the townships for county aid, \$23,223.79 was spent for "discretionary grants to second class townships" which apparently includes such outlays as the approximately \$9,000 for traffic lights at Cross Keys. The county began the year with a balance of \$67,451.23 in the liquid fuel fund. Income included \$1,588.12 interest, \$39,702.90 from a certificate of deposit and \$94,561.13 received from the state liquid fuels tax. At the beginning of this year the fund has a balance of \$43,761.69.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**TWENTY YEARS AGO**

Sgt. Simpson Given Patent  
For Invention: Sergeant Ernest H. Simpson of Gettysburg, who was a corporal in old Company E of the National Guard at Gettysburg when it was inducted into the Army for active duty early in 1941, has contributed to the war effort through his inventive genius as well as through his regular duties as a technician, fourth grade.

It was officially announced today by the Army Ordnance department that it had secured an inventor's patent for Sergeant Simpson, who in his spare time, developed a new way of conserving a piece of automotive field equipment and saving critical gasoline. It is known as the Simpson control governor.

The governor is a clever device that can be attached to the air compressor units now used in the United States and in all overseas theaters, the Ordnance department reported.

The principal function of the device is to reduce the speed of the engine when the compressor is not under load. When attached to a small mobile air compressor, the idling speed of the engine can be reduced 34 per cent, gasoline consumption slashed 15 per cent, and exhaust temperature decreased 13 per cent.

Proving ground tests on the device have been completed at the Ordnance Proving Ground at Aberdeen, Maryland, and the usual field tests will follow.

Sergeant Simpson, a former member of the National Guard, has been in the Army three years. He wears the good conduct and pre-Pearl Harbor ribbons. His invention represents a year's work — from August, 1942, to August, 1943. The ordinance test was conducted from September to November, 1943, and the patent was issued to Sergeant Simpson in February, 1944.

**Pvt. Weishaar May Be Alive; Writes To Girl:** Hope rose today, two weeks after requiem Masses were read in St. Joseph's Catholic Church at Bonneville for Pvt. Eugene J. Weishaar, that the soldier, who was reported dead in the alive and convalescing from accident injuries.

Pvt. Weishaar, 23-year-old son of Mr. and Mrs. Malcolm Weishaar, Bonneville, suffered a fracture of the skull and concussion in a motorcycle accident in the North African area February 5, the family was informed in a War Department telegram received here about three weeks ago. A few days later a letter arrived confirming that information and on the same day, February 14, a second telegram came bearing the word that Pvt. Weishaar had died on the day he was hurt.

It was learned today that, on Monday of this week, Miss Mary Weaver, Bonneville, now employed at the Glenn L. Martin plant in Baltimore and identified as Pvt. Weishaar's "girl friend," received a letter bearing Eugene's name but in other handwriting.

The letter, dated February 10, indicated a buddy was writing the letter at Weishaar's direction and explained that Weishaar "couldn't write so well lying in bed."

It also stated that he was progressing well in the hospital and then was able to take, "solid foods."

Deeply concerned to know whether there is an error in the dates and whether Pvt. Weishaar is alive, members of the family appealed Thursday to the Red Cross here to get

## Today's Talk

NEVER STAND STILL

Movement is the law of life. Nothing lives that does not move. Even in material things the apparently idle and immovable are not inactive, but alive with moving molecules.

To see and to experience things you have to keep moving. Time keeps going on and the essence of our lives is wrapped up in it. We must make every minute count, make every day a record of something useful performed. Never stand still!

It is a good thing for some of us to get well disgusted with ourselves, so that we will make a move into better directions, into a healthier plan of life, and out of our narrowness and self-interests. By standing still we lose perspective and a sense of values.

You will note, in talking with one who has travelled a great deal and who has had contacts with a great variety of people, how tolerant and charitable such a person is — how hesitant such a one is to criticize or to find fault with others. We note how full of faults we are as we see them in others, therefore learning to be more kindly in our judgments, and to look often for the good and plausible in people.

In standing still we lose the opportunity to remove our bad points by noting good examples, and neglect our good points because we don't distribute them!

It is amazing how much some people put into life. And it is interesting to note that these are the ones who take the most out of life. "So much to do — so little done" were the words of Cecil Rhodes, as he came to the end of his life. Yet he founded an empire!

One tragic thing about standing still is that the other fellow passes right by you! Often to the very goal of your own dreams. The story of the talents in the New Testament is food for thought. You will recall that the one who was given but one talent hid it — and it did nothing. The others put theirs to work. And you will recall that the one who hid his talent had that one taken from him and given to one who put it to use.

Dissatisfaction is a fine sign. It suggests growing pains — a desire to do better — and to move on! Never stand still.

**THE FIRST GENTLEMAN**  
How came the gentleman to be,  
When first the race began?  
Who first discovered courtesy  
Would grace the soul of man?  
Who in the days of endless fight  
With club and tooth and claw  
Was first to put the love of right  
Above the natural law?

fancy it was not by chance  
That pity came to be,  
So slowly does mankind advance.  
(So selfish still are we)  
That ages long in savage state  
Men battled for their needs  
And never put aside their hate  
For pity's kindly deeds.

But some one in those ages dark  
Who'd suffered many a blow  
Within his heart felt pity's spark  
Strangely begin to glow,  
And moved by one in anguish dire  
Whose agonies he knew,  
Shared shelter and his warming fire,  
And thus a friendship grew.

I wish I knew his name who first  
Withheld the killer's blow  
And stooped to quench the  
burning thirst  
Of one who'd been a foe.  
For by that generous, gracious deed  
All sportsmanship began  
And there was framed the code  
Of every gentleman.

### EVENTS FOR BICENTENNIAL ARE PROPOSED

A program of suggested events for the Littlestown bicentennial celebration to be held the week of August 1 through 7, 1965, was presented by Mrs. Charles W. Weikert, chairman of the special events division, at a meeting of the division chairmen and the executive committee Tuesday evening in the bicentennial office at the Community Center.

Further suggestions and some revisions were made but the final program will not be adopted until the committees meet with a representative of the John B. Rogers Company, probably in April. There will be further discussion on the special events at a meeting of the special events committee with the executive committee on March 16 at 8 p.m.

Time was also spent Tuesday with planning the advance ticket sale, the choosing of a queen and with further committee selections. If there are persons in the community who have not been contacted to serve on a committee and who would like to offer their time and talents to a certain phase of the celebration, they are asked to get in touch with any of the division chairmen or a member of the executive committee.

Chairman J. Arthur Boyd stressed that this is not a celebration "for any select few, but everybody is invited and will be welcomed to participate in whatever large or small way they can."

The chairman and the co-chairman, Marvin F. Breighner, reported on their get-together with Wilbur A. Bankert and Theron W. Spangler, cochairmen of the operating capital committee. This committee will be in charge of the sale of souvenir bonds, which is planned for April. At the beginning of the month, each family in the community and vicinity will be sent a pamphlet, "A 200th Anniversary for Littlestown—Why, When, Where, How Long," explaining the purpose of the celebration and giving a brief historical outline, and the benefits of such a celebration, etc. The pamphlet itself will be a souvenir for the bicentennial insignia and for the information it contains.

There was also a discussion on the use of whatever funds may be left over after the celebration is completed and it was unanimously agreed that the funds would go toward a community betterment project, to be decided on in the near future. The subcommittees of the seven bicentennial divisions will also be announced when the rosters are completed.

**THY WILL BE DONE**

Leaving the upper room, where the Last Supper was held, Jesus went with His disciples to a country place called Gethsemani.

"Sit down here, while I go over yonder and pray," He said to them.

Then, taking Peter and James and John with Him, He went into a garden and, as Matthew tells us, "began to be saddened and exceedingly troubled."

"My soul is sad even unto death," He said to the three Apostles with Him.

"Wait here and watch with Me."

Going forward, He fell on His face, praying:

"Father, if it is possible, let this cup pass from Me; yet not My will but Thy will be done." (Matthew XXVI:39)

**BUGGY OVER BEATLES, Girls' Plans Foiled**

MOBILE, Ala. (AP) — Two girls—buggy over the Beatles—had their dreams exterminated today.

With an album of Beatle records, two bacon sandwiches and two small cardboard boxes of clothing, the girls—identified only as Fay, 14, and Dawn, 15—set out from their coastal Mississippi town for Liverpool, England.

Fay had drawn her life savings of \$289.07 from the bank and with her friend planned to get a job in Washington, D.C., to finance the rest of the trip.

About 2,920 miles short of their goal to see the famed mop-haired singers, Mobile Police took them off the bus to await the arrival of their parents.

**LBJ Explains Spelling Rule**

WASHINGTON (AP) — President Johnson says he used to think he could spell, but his 16-year-old daughter has given him some qualms.

He said Wednesday night that he knew such rules as placing "I" before "E" except after "C," but his daughter corrected him. It's "I" after "C" as far as she is concerned.

The President made this smiling reference to the new way in which his daughter spells her name — it's Luci, instead of Lucy, the name her parents gave her.

NEW YORK (AP) — The amateur Athletic Union has named Carl Robie of Philadelphia to represent the United States in the eighth annual swimming meet at Bremen, Germany, Saturday and Sunday.

Robie is the National AAU 200-meter butterfly champion.

Six other swimmers have been selected for an international meet at Lima, Peru, March 8-14.

**BRAGAN SAYS HANK AARON IS GREATEST**

By JOE REICHLER  
Associated Press Sports Writer  
WEST PALM BEACH, Fla. (AP) — Milwaukee slugger Henry Aaron, according to his manager, Bobby Bragan, not only is the best hitter in baseball, but the finest all-around player in the game. Naturally, Willie Mays, the highest salaried player in the game, is included.

"That's right," said Bragan. "I wouldn't dream of trading Aaron for Mays."

"I've regarded Aaron the better hitter, both for average and power, for some time now, but this is the first time I can say with conviction that Henry is the better all-around performer."

Bragan understandably is prejudiced but it is interesting to hear his reasons.

**COMPLETE BALL PLAYER**

"Aaron became a complete ball player for the first time last year," the popular little pilot said. "What made him so? Base running. He stole 31 bases in 36 attempts. That was the only element that was missing before."

"Until last year, Mays had the edge over Henry on defense and in base running. Now Henry has proved to all he can run the bases as well as Mays, if not better. Henry, like Willie, has catlike instinct and intelligence. Given the green light last year, he proved he could steal bases with as much success as anybody in baseball. He even stole four or five bases with Eddie Mathews up and nobody out. That's because he was so certain he could steal on the pitch."

## CELTICS BEAT OFF ROYALS IN CRUCIAL GAME

By THE ASSOCIATED PRESS

"As far as I'm concerned, it's all over."

A supremely confident Red Auerbach sat back and lit a cigar. His Boston Celtics had just beaten off the onrushing Cincinnati Royals, 112-108, at Boston Garden.

"That was the big one — Wednesday night," Auerbach said. "Even if we lose at Cincinnati Thursday night, we'll still have a 2½ game lead and we'll be hard to catch now."

The Boston victory stretched the Celtics' margin in the Eastern Division of the National Basketball Association to 3½ games. Both teams have six games left in the regular season.

**4 MAGIC NUMBER**

The Celtics lowered their magic number to four. Any combination of four Boston victories or Royal defeats would give the Celts their eighth consecutive Eastern title.

In Wednesday night's other games, Baltimore whipped New York 115-108 in a game marred by a battle between the Knicks' Tom Hoover and a Baltimore fan. St. Louis turned back Los Angeles 110-105 and moved within two games of first place San Francisco in the Western Division.

Hoover and Terry Dischinger were ejected from the game for fighting in the last period and as the 6-8 250-pound New York center was leaving the court, he tangled with a fan, Henry A. Payne, 22.

Payne received emergency treatment in the Civic Center and was taken to University Hospital for X-rays of an apparent broken nose.

## Bullets Breeze To Easy 73-57 Win Over F. And M. In Finishing Campaign

Gettysburg College pulled down the curtain on its basketball season by romping to an easy 73-57 win over Franklin and Marshall, Wednesday evening in Lancaster before a small crowd.

Three Bullet seniors saw action for the last time and in doing so rammed through a total of 32 points and pulled down 31 rebounds. Roger Gaackler, 6'5"; Doug Kepner, 6'6"; and Don Szegda, 5'10", are the three who will graduate in June and their absence will be keenly felt. Gaackler went out in a blaze of glory as he rolled up 16 points and hit a new season high of 20 rebounds. Kepner tallied seven points and carried off eight rebounds. Both men have done an exceptionally fine job all season under the boards giving Gettysburg the best strength it has had in that department in several years. Szegda, the field general, who seldom score high, hit for nine points. His leadership is one thing that Coach Bob Hulton will have to solve next season.

### G-BURG PULLS AWAY

Gettysburg had little trouble in Wednesday's game after the first couple of minutes. Lee Baber opened the scoring for the home forces with a jump from the key. After Chris Sirms knotted the count, George Nier and Fred Wert connected on a trio of charity tosses to give the Dips a 5-2 lead. Kepner swished a shot from the key, but Nier made good on another free throw. At 14:26 George Strouse tied the score at 6-6 and 24 seconds later Sirms put the Bullets in front. Wert tied the game for third time with a goal from the key at 13:39. Finally at 13:16, Strouse drove in a lay-up to put Gettysburg in front the remainder of the game.

The Bullets built a slim 31-26 lead at intermission but with seven minutes to go in the half Hulton sent in an entire second unit to finish the 20 minutes. The Bullet mentor did that same thing later in the second half as all 13 squad members saw action.

Strouse topped the Gettysburg order with 16 points for a season total of 328 points. The Norwich, Conn., junior has now rolled up 755 points during his first two seasons with the Bullets and could very well become the next member to the 1,000 point club. Fred Wert and George Nier paced the Diplomats with 17 and 16 tallies, respectively.

Gettysburg finishes the season with a 15-9 record. The campaign marked Bob Hulton's fifth winning season in seven years at the Bullet helm. Franklin and Marshall finished with a dismal 1-20 record, having lost its last 18 in a row.

### FRESH BOW

The Bullet freshmen blew a six-point lead at the half and dropped a 67-60 overtime decision to the F. and M. yearlings in the preliminary game.

Ray Jordan rammed through a jumper from the key with three seconds to go to knot the count at 56-56 at the end of the regulation contest. In the overtime, Bruce Wilson and Dick Stewart accounted for the only Bullet goals. Bill Steele landed two while Larry Graham and Bill Hildebrand each chipped in with one for the winners.

Steve Satir topped the Little Bullets with 16 points with Stewart hitting for 15 and Wilson 14. Jordan paced the winners with 17. Gettysburg ended its campaign with a 13-7 slate.

ADVERTISE IN THE TIMES

## TO DECIDE NINE PIAA TITLES THIS EVENING

By THE ASSOCIATED PRESS

Nine PIAA district basketball championships will be decided tonight in intra-district playoff action across the state.

The spotlight, however, will be on District 1 where Plymouth-Whitmarsh, defending state Class A champion, and Darby-Colwyn, state Class B champ, seek to retain their district titles.

In limited action Wednesday night, Jim Thorpe, top Class C team in Eastern Pennsylvania last year, bowed to Northwestern 67-58 in th District 11 finals.

### THORPE DETHRONED

Thorpe was one of three district champs dethroned. Another was Bentleyville-Ellsworth, who fell victim to Trafford 63-45 in the WPAL Dist. 7), Class B semifinals. In the second game, Coraopolis defeated Oakmont 67-56. The winners play Tuesday in the University of Pittsburgh Field House.

Mansfield, defending champion in District 4, Class B, was eliminated from the playoffs when it was edged by Athens 63-62. In the other semifinal game, Loyalsock whipped Towanda 82-67. The finals are Friday at Williamsport.

Powerful Catasauqua, led by All-State Larry Miller, was the only district title-holder to win. The Lehigh County team downed Pottsville 77-69 in a Dist. 11, Class A semifinal game. The finals in Harrisburg Saturday will pit Catasauqua against Nazareth.

### MEADVILLE WINS

In a double-header at Altoona, Huntingdon and Hollidaysburg earned their way into the District 6, Class A finals Monday on the same court. Huntingdon romped over Altoona 82-56 after Hollidaysburg had disposed of State College 64-57.

And finally in a semifinal contest, it was Meadville a 77-60 victor over Grove City in District 10, Class A.

A crowd of over 8,000 is expected to see tonight's district championship game between Plymouth - Whitmarsh and Catasauqua at the University of Pennsylvania Palestra in Philadelphia.

### DISTRICT FINALS

In suburban Abington, Darby-Colwyn will square off against Bristol.

Other district finals: Dist. 2, Class C — Larksville vs. Archbald (defending champion).

Dist. 3, Class B—Columbia vs. East Pennsboro and Class C—New Oxford vs. Upper Dauphin, a double-header at Hershey.

Dist. 4, Class A—Williamsport vs. Danville (defending champion) at Bucknell University, Lewisburg.

Dist. 6, Class C—Juniata Valley vs. Williamsburg at Huntingdon.

Dist. 9, Class C—Coudersport vs. Clarion (defending champion).

Dist. 10, Class C — Lawrence Park vs. Conneaut Lake at Meadville.

The only other games scheduled are semifinals.

In the WPAL, Class A, Uniontown, state champion two years ago, meets Stowe, who last Friday upset the defending Western Pennsylvania champ, Norwin, 56-55.

And in District 2, Class A, Nanticoke takes on West Hazleton to see who will oppose champion Scranton Central in the finals.

**Tony Gonzalez Is Only Phil Holdout**

CLEARWATER, Fla. (AP)—Only Tony Gonzalez remains a holdout with the Philadelphia Phillies today as Johnny Callison, in Philadelphia, and general manager John Quinn, here at spring training, came to terms over the telephone Wednesday night. Callison plans to join the team Sunday.

Callison batted .284 last summer, led the Phillies with 26 home runs and drove in 78 runs. He led the major leagues in assists for outfielders with 26.

## PALMER SEEKS THIRD TOURNEY

PENSACOLA, Fla. (AP)—"I'm ready to get going now," said Arnold Palmer as he prepared to tee off today in quest of a third Pensacola Open Golf Championship.

The 34-year-old Pennsylvanian hasn't had such a lean season since 1958. He hasn't scored a victory in seven starts this year, although he tied for third at Los Angeles and San Francisco in January. In the last five seasons, he won at least one tournament during the PGA golf tour's first seven weeks in the West.

The \$30,000 tournament at Pensacola Country Club is the ninth stop of the 1964 PGA tour. The Pensacola Open has attracted one of the best fields in recent years, including Gary Player and Harold Kneedee, who were two shots back of Palmer in last year's tournament.

## SEILING STARS IN DEBUT WITH N. Y. RANGERS

NEW YORK (AP)—Muzz Patrick, general manager of the National Hockey League's New York Rangers, sat off in a corner looking much like the cat who'd swallowed the canary.

He had just watched young Rod Seiling's first game in a Ranger uniform and the big trade which brought Seiling and four other Toronto properties to New York for Andy Bathgate and Don McKenney was looking better all the time.

Seiling, playing most of two periods, had assisted on the tying goal and led All Star defenseman Pierre Pilote on a merry chase the rest of the evening as the Rangers dumped the Chicago Black Hawks 4-3.

It was a tough loss for the Hawks to absorb and Coach Billy Reay locked the dressing room door afterwards. Chicago had an 8-2-2 record against the Rangers and a victory would have enabled the Hawks to take the NHL lead from the Montreal Canadiens. The Canadiens and Hawks each have 77 points but Montreal has played three fewer games.

Meanwhile, the Leafs, struggling to hold third place, launched a third period rally to tie the Boston Bruins 4-4 in the only other NHL action Wednesday night.

The Bruins built a 4-1 lead before the Leafs came back in the final nine minutes of the game.

## AMERKS SNAP BUFFALO JINX

By THE ASSOCIATED PRESS

You couldn't blame the Rochester Americans if they were feeling kind of blue in the last 10 minutes of Wednesday night's American Hockey League game in Buffalo.

The Amerks hadn't won in Buffalo since the opening game of the 1961-62 season but things had been looking up with goalie Gerry Cheevers protecting a 1-0 lead forged by Ed Litzenberger's second period goal.

Then all of a sudden it was the same old story. Doug Robinson clicked twice inside of 3½ minutes and it looked like the Amerks were going to lose another in the Memorial Auditorium.

### HERSHEY TIED

But the worm turned. Kent Douglas, sent down from the Toronto Maple Leafs earlier in the day, tied it at 15:30 on a low hard shot from just inside the blue line. Two minutes later Dick Gamble's angled backhander beat Cesare Manigo and the Amerks' Buffalo jinx had been snapped, 3-2.

The victory moved Rochester to within five points of second place Pittsburgh in the AHL's Western Division. The Hornets were idle.

Dennis Olson's second goal of the night gave Springfield a 5-5 tie with Hershey in Wednesday's only other AHL game.

### Claims Russians "Too Powerful"

MOSCOW (AP)—The Russian track and field team will be too powerful for any other country to beat in the Tokyo Olympics, the coach of the team believes.

"The Soviet athletes can win in the Olympics under any circumstances," Gabriel Korobkov said in an article in Sovetskiy Sport Wednesday. "Our athletes have been training for five months, and some of them have been training since the end of last season."

The United States, Great Britain and the combined German teams should offer the Russians the strongest competition, the veteran coach said.

## MID-ATLANTIC MAT TOURNEY AT BUCKNELL

LEWISBURG — Approximately 150 wrestlers from 20 schools, including Gettysburg College, will be competing when the Middle Atlantic Conference championships are held at Bucknell University on Friday and Saturday.

West Chester, the defending team champion, is again one of the favorites for the team crown, but the Rams can expect a stiff challenge from Temple, beaten only by powerful Navy in dual meets this year. Lycoming, a perennial mat power, undefeated Drexel and Hofstra.

Individual champions will return to defend their crowns in six of the eight weight classes. They are Drexel's Jack Vandoren (123), West Chester's Al Schweitzer (130), Pete Parlett (137) and Roger Sanders (157). Hofstra's Dick Snyder (177), and Temple's Steven Speers (unlimited). Snyder was voted the outstanding wrestler in last year's tournament.

In addition to the defending titlists, six second place winners, three third place finishers, and five men who finished fourth last year are scheduled to go again in this year's championship.

The runners-up back for another crack at a title are Bob Bessey of West Chester (123), Jeff Feinberg of Temple (130), Dave Steiler of Temple (157), Jim Sauve of West Chester (167), John Cunningham of Bucknell (177) and Joel Gotchel of Drexel (unlimited).

## DON ZIMMER SIDELINED BY BROKEN HAND

By MURRAY CHASS

Associated Press Sports Writer

Veteran infielder Don Zimmer, who attracts injuries like John Wayne's jaw draws fists, can't even find refuge from his nearly perennial plague on a handball court.

As a result, Zimmer heads the rapidly growing list of players hurt in the early stages of spring training. The 3-year-old Washington Senator is set for a four-to-six week involuntary rest with a broken left hand.

Joining Zimmer on the injured roster Wednesday, among others, were pitcher Gary Peters of the Chicago White Sox, inflamed left shoulder; Cubs' shortstop Andre Rodgers, spiked finger; Don Mossi, Detroit pitcher, sore left elbow, and infielder Phil Linz of the New York Yankees, face cuts.

### CONTINUES LONG LIST

Zimmer, expected to be Washington's third baseman this season, reported he broke his hand last Monday when he hit it against a wall in a handball game.

It was only another in a long line of mishaps for Zimmer, who is entering his 11th season with his fifth team. He has been hurt in the minor leagues, in the majors, in Puerto Rico and on the highway.

His first severe injury almost ended his baseball career before it really got started. The 5-foot-9, 185-pound Zimmer was beamed by a fast ball while playing for St. Paul of the American Association in 1953. He was a shortstop then with lots of potential.

Unconscious for 14 days with a fractured skull and a blood clot, he spent 31 days in the hospital, suffered double vision and lost the power of speech for a while.

### Mount Will Play In Civic Center

Mt. St. Mary's will play two of its basketball games next season in the Baltimore Civic Center.

Dr. John Dillon, Mount athletic director, announced that the Mountaineers will tangle with Manhattan on Dec. 17 at the Civic Center and will play Loyola there on Feb. 4. The game with Loyola would be the Baltimore team's home game.

Both games will be parts of double-headers.

### Two Conference Champs To Meet

BEAVER FALLS, Pa. (AP)—Two conference champions—Mansfield and Westminster—will meet tonight at Geneva College for the NAIA District 30 basketball championship.

Mansfield, State Colleges Conference king, nipped Gannon, 66-61, in overtime Wednesday night and Westminster, West Penn Conference titlist, trounced Edinboro, 81-67, to gain the final.

Terry Crouthamel was the hero for Mansfield, hitting on a 10-foot jump shot with 50 seconds left in the extra period to give the Mountaineers the victory.

Mansfield's Tom Brisel set the game into overtime by making two foul shots and tying the game at 62-62.

## MATMEN HOPE TO IMPROVE IN MAC MEET

Eight long, lean, hungry years have elapsed since a Gettysburg College wrestling team has made a respectable showing in the Middle Atlantic Conference championships. The Bullets hope to change that this weekend when they enter the annual two-day affair at Bucknell University.

Since 1956, when the Bullets last carried off the MAC title, Gettysburg has never finished higher than sixth place. Last year Coach "Sprig" Gardner's grapplers landed in the 14th spot. Improving upon previous performances will rest on the shoulders of senior Hayes Kline and sophomore Joe Bavaro.

Kline is a 123-pound product of Newport. He has seen considerable action in the 130 class but in the last two weeks, following a skin infection, has dropped to 123. He had a dual match streak of 15 consecutive victories going until he was dropped in his lone setback of the year against Penn. Kline has won 10 matches including three by pins and five via decisions.

Bavaro is a tough competitor from Island Park, N.Y. He has seen action at both 157 and 147. He will wrestle at 147 in the MACs. Bavaro is 12-1 on the season with his lone setback coming at the hands of Jerry Poe of Lycoming. He has rolled up 44 points on the year by way of four pins and eight decisions.

# SCRANTON TO ACCEPT SOME U.C. CHANGES

By DAVE LEHERR  
Associated Press Writer  
HARRISBURG (AP) — Gov. Scranton says he is prepared to accept compromises to his unemployment compensation program as long as they do not destroy the basic principles of the bill.

The governor declined to comment on specific changes under consideration by Senate Republicans, but said he sees no effort to get away from the original intent.

"The principles of this bill are absolutely basic and I will not compromise on them whatsoever," Scranton declared emphatically Wednesday at his news conference.

**3 BASIC PRINCIPLES**

The governor outlined the principles as rebuilding the U.C. Fund, closing loopholes in the present law, and bringing the state's program more in line with neighboring states to help attract new industry.

"I feel very strongly about these points and they are very firmly a part of the administration program," Scranton said. The statement that he would accept amendments was Scranton's first major concession on the U.C. bill since it was first introduced Feb. 11.

**A MAJOR CHANGE**

Senate Republicans tentatively agreed to three major changes in the Scranton program during a five hour caucus Tuesday.

Caucus leaders said later the

governor had expressed no adverse reaction to the proposals. One of the major changes given tentative approval by Senate Republicans would do away with the administration's proposal to cut back payroll taxes for 30,000 low cost employers from 2 to 1 per cent until the U.C. Reserve Fund is stabilized.

—Strike out restrictions against seasonal workers, making them ineligible for U.C. benefits except during the normal season of their employment.

—Restore minimum benefits in the \$10 to \$15 range, written out by the Scranton program.

—Delete the "burden of proof" clause, requiring U.C. claimants to prove they are actively seeking work.

**ON S. VIET NAM**

Scranton at his news conference also touched briefly on international affairs, contending the United States should go all-out to save South Viet Nam from a Communist takeover.

"If we're going to save Southeast Asia we are going to have to have a full effort there," he said.

Scranton told newsmen a "full effort might involve a good deal more than we are presently doing, but this would be worth it."

The governor also was questioned again on his presidential prospects, but said his position has not changed.

**OTHER DEVELOPMENTS**

Scranton, considered by many a dark horse candidate for the Republican presidential nomination, insists he is not running and would accept only an honest and sincere draft.

**State Revenue Collections Up**

HARRISBURG (AP) — State revenue collections for the current fiscal year are running \$2.5 million ahead of anticipated income, the office of administration reported Tuesday.

At the same time, the office noted that collections last month were \$1.6 million below official estimates. Some \$81,406,000 in taxes was collected in February, compared with estimates of \$83,064,000.

# ISSUES DENIAL ON CAMPAIGN

PITTSBURGH (AP) — Justice Michael A. Musmanno of the State Supreme Court has denied he campaigned actively for the Democratic nomination for the U. S. Senate at a meeting of the National Association for the Advancement of Colored People. His denial came Wednesday in answer to a statement in Washington by Sen. Joseph S. Clark, D-Pa.

Clark said that Musmanno actively campaigned at the NAACP meeting in Philadelphia last Sunday. He also declared that Musmanno should resign as a justice or get out of the race.

"I made no campaign speech, as the newspapermen and the 6,000 people who were there can testify. I am sorry that Sen. Clark did not check his facts before making his statement."

As for resigning, the justice said he had discussed the matter with other judges, leading members of the bar, the present chief justice of Pennsylvania Supreme Court and two former chief justices.

"They agreed unanimously that resignation is proper and in order after the primary nomination on completion of judicial duties," Musmanno said.

Much of the decline was attributed to a \$1.2 million drop in cigarette tax collections as against the amount that had been anticipated.

The decline brought the total cigarette revenue decline to \$2.2 million below the expected intake. The office acknowledged the probability that the tax will miss its goal of \$62 million for the year.

After the victims had been removed, police noted the car's speedometer had stopped with the needle resting at 80.

The medial barrier will be extended over two sections—between the Carlisle interchange and the Highspire service plaza from near the Bowmansville service plaza to the Valley Forge Interchange.

In other action, the commission approved a bid of \$90,561 by the Drum Construction Co., Inc., Telford, Montgomery County, for bituminous treatment of the medial strip over the same 53 miles.

# 112 Turkish Families Huddle Inside Abandoned School As Cyprus Civil War Continues

By WEBB MCKINLEY  
POLIS, Cyprus (AP) — The siege continues for 700 Turkish Cypriots in the torn town of Polis.  
More than a month ago out-numbered Turkish families from Polis and nearby villages gathered in a Turkish school, seeking safety from the undeclared civil war between the Greek and Turkish communities on Cyprus.  
**HUDDLE IN BUILDING**  
They are still there. Village elders, mothers, fathers, youths and babies are huddled in the two-story building with little apparent hope of returning to their homes.  
"Without escorts by British troops we cannot move anywhere," said schoolmaster Cahit Cavusoglu. "We are surrounded."  
"The trouble with Polis is the trouble with this bloody island," said a British officer. "Both sides say they will not harm each other and neither believes a bloody word of it."  
**BRITISH POST**  
At the last crossroad inside the village is the command post of Capt. Michael Creighton of the British Royal Artillery. Two hundred yards uphill on the edge of the village is the Turkish school.  
Inside, 112 families are jammed into a building where 270 pupils until recently attended classes.  
In one classroom live 12 families. Each family does its cooking on a portable oil stove.  
In the small office of the principal, schoolmaster Cavusoglu speaks "The Greeks say come back and we will live together. But we can never get along again. Never at all, sir."  
**IGNORES TRUCE**  
The Turks say the Greeks drove them out of their homes in a bloody battle and destroyed some houses with an armored bulldozer despite a truce. The last time they tried to go into town seven of their men were seized as hostages, the teacher said.  
Now the only ones who venture forth do so under the protection of British troops.  
The school is not surrounded, but two Greek Bren gun positions aim menacingly from a flat hill about 400 yards away.

# QUIZ MAN IN 40 BOMBINGS

JACKSONVILLE, Fla. (AP) — Two policemen from Birmingham, Ala., were in Jacksonville today prepared to question a mild-mannered former mechanic about 40 unsolved racial bombings.  
They flew in Wednesday after William Sterling Rosecrans, 30, Anderson, Ind., was charged with bombing the home of Donald Godfrey, 6, only Negro student in an integrated school. No one was hurt in the blast.  
Sheriff L.O. Davis said Rosecrans signed a statement admitting the bombing.  
Authorities also questioned Rosecrans about the dynamitings of several Florida East Coast Railway freight trains during a 14-month-old strike. He denied any part in them.  
Police said Rosecrans admitted that he was in Alabama when an explosion blew apart a Birmingham Negro church Sept. 16, 1963, killing four girls and injuring 23 other persons.  
Rosecrans was arraigned Wednesday on a federal charge of violating the 1960 Civil Rights Act, which prohibits obstruction of federal court integration orders. The school that the 6-year-old attends was integrated by order of U.S. District Court.

# MATE MAY STIR NEW ALLERGIES

MIAMI, Fla. (AP) — There's no doubt, allergists agree, that husbands and wives can be allergic to each other.  
But sometimes the symptoms—a rash, sneezing, irritability—denote another problem: they just can't stand each other.  
A group of doctors, all of whom preferred anonymity, discussed this touchy subject at the annual convention of the American College of Allergists.  
One physician said there were five authenticated cases of allergies developed between man and wife. Dandruff was the villain in each case.  
**BLAME FACE POWDER**  
Another allergist recalled a couple that was on the brink of divorce because everytime they kissed, the husband's eyes would water, his nose would itch and he would become irritable.  
"It took quite a while," said the doctor, "but we discovered he was allergic to the face powder his wife wore. Most such cases turn out to have similar answers."

# Today In Washington

WASHINGTON (AP)—In the news from Washington:  
**PROBE:** The Warren commission held its first public hearing Wednesday in its investigation of the assassination of John F. Kennedy. It aired testimony by a New York lawyer questioning whether Lee Harvey Oswald was the killer.  
The lawyer, Mark Lane, pressed to represent the interests of Oswald, charged with the murder but shot to death in the Dallas jails two days after the assassination.  
Lane attempted to raise doubts as to whether Oswald was the sniper who killed Kennedy. He produced news photographs of the assassination scene that he contended had been "doctored" to obscure the truth.  
The hearing doors were opened without advance word after the commission began its usual closed session with Chief Justice Earl Warren presiding.  
**FAILURE:** Dr. Frederick C. Barghoorn, the Yale University expert on Russia who was imprisoned as a spy by the Russians last fall, says Soviet grain purchases in the West "illustrate a kind of boldness and willingness to admit mistakes."  
Testifying Wednesday before a House Foreign Affairs subcommittee in a kind of seminar on Soviet policy, Barghoorn said that in a sense the purchases are an admission of failure by Kremlin leaders.  
But, he added, the mistakes have been mainly blamed on the discredited Stalin regime.

**AIRPORTS:** Congress passed and sent to President Johnson Wednesday a bill continuing the federal airport development program for three years and authorizing \$225 million to pay for it.

**PEACE CORPS:** Congress authorized Wednesday \$115 million for the Peace Corps—the full amount asked by the Johnson administration.  
The authorization is for the fiscal year beginning July 1.  
House passage by a voice vote sent the measure to the President. The Senate had already approved it.

# 3 INJURED IN

(Continued From Page 1)  
Rd. two-thirds of a mile east of Biglerville at 3:40 Wednesday afternoon.  
**\$400 DAMAGE**  
State police said Blake Marshall Constable, 19, Biglerville R. 1, was driving a car owned by Earl B. Constable, same address, when the vehicle struck the rear of a school bus operated by Donald Rouser, 40, Biglerville R. 1, which had stopped to discharge students. Damage to the car was estimated at \$350, and to the bus at \$50. Miss Martin was a passenger in Constable's car.  
Damage totaled \$650 when a tractor-trailer and a station wagon collided nine miles north of here at Stone Jug Wednesday afternoon.  
According to police, A. Ellsworth Hoffman, 47, Falls Church, Va., had stopped his southbound station wagon on the Harrisburg Rd. because of a school bus halted ahead. John Henry Lassiter, 37, Scotland Neck, N. C., driving a tractor-trailer south, crashed into the rear of the halted station wagon, causing \$300 damage to that vehicle, and \$350 to the tractor-trailer.

# Tornadoes Kill 11 And Injure 40 In 6 States

By THE ASSOCIATED PRESS  
Tornadoes and other violent weather killed 11 persons and injured about 40 in six Southern states.  
The Weather Bureau said at least a dozen tornadoes were spawned as warm air from the Gulf of Mexico clashed with a cold front Wednesday.  
Torrential rains accompanied many thunderstorms and the 24-hour rainfall in western Kentucky exceeded five inches.  
**LIGHTNING KILLS 7**  
Lightning struck a house at Forrest City, Ark., and started a fire in which seven died. Another Arkansas fatality was attributed to a tornado.  
Two were killed in western Kentucky and another perished in Tennessee.  
Damage from tornadoes was reported in Louisiana, Mississippi and Missouri, and wind damage to a lesser degree was reported in northwest Georgia.  
A woman was killed when a tornado roared down onto the Beech Creek community near Magnolia, Ark. Six others were injured.  
**TINY TOWN HIT**  
Another tornado lashed western Kentucky, killing two and injuring about 20. The twister hit near Hardin, near Kentucky Lake, dipped into the tiny community of Fairdealing and then struck Kirksey.  
Some businesses were damaged, but most of the destruction was confined to homes in the area. The heavy rainfall included 7.7 inches at Paducah, 5.75 at Henderson—heaviest in 29 years, 5.25 at Owensboro, and 4.17 at Louisville.  
The Tennessee Valley Authority power plant at Pickwick Dam was knocked out as a tornado whipped through Tennessee.  
**CELLAR CAVES IN**  
Mrs. Maydell Summers, about 45, was killed at her Springfield, Tenn., farm when a storm cellar caved in at her house.  
The tornado at Pickwick demolished the main switchyard of the power house and knocked over main river crossing transmission lines.

# Hog Thieves Used Booze In Crimes

MONTGOMERY, Ala. (AP)—Alabama farmers have been advised to be suspicious if their hogs stagger around in a peculiar manner.  
State Agriculture Commissioner A. W. Todd issued the warning Wednesday, saying a theft ring broken up recently had been feeding hogs loaves of bread soaked in bootleg whisky.  
When the hogs got too drunk to stand, Todd said, "they were loaded into the back of cars and trucks without squealing or commotion."

# Billy Rose Weds For Fifth Time

NEW YORK (AP)—Showman Billy Rose, who recently made \$4 million on the stock market in four months, disclosed Wednesday night he was married Sunday for the fifth time.  
The bride is Doris Warner Vidor, 48, daughter of motion-picture mogul Harry Warner and widow of motion-picture director Charles Vidor.

# Dogs Received Better Treatment Than Humans In Concentration Camps

FRANKFURT, Germany installed, windows were put in the barracks, and mud floors were covered with concrete—in other words, the quarters were made habitable."  
**HEAR GENERAL**  
The charges were read to refresh the memory of a witness, former Maj. Gen. Joachim Caesar, 62, who managed several thousand acres of prisoner-cultivated land at Auschwitz from 1942 to the end of World War II.  
Caesar, who now operates a laundry in Konstanz, Germany, told the court he could not remember many specific details of Auschwitz, "but I must say that the fact I was at Auschwitz weighs down on me heavily even today."  
"I heard of mishandling of prisoners, that they were beaten and gassed, but I never saw this, just heard about it," Caesar said.

## NEW AGENCY TO WAGE WAR ON POVERTY

By W. B. RAGSDALE JR.  
WASHINGTON (AP)—A brand new federal agency will be created to run President Johnson's war on poverty, an official source said today.

The source said that the chief duty of the new agency will be coordination of programs operated by other federal agencies, but it will also take over direct control of newly established programs such as the proposed Youth Conservation Corps and National Service Corps.

The President's message on the poverty program is expected to go to Congress Friday.

**WIDE DIFFERENCES**  
Apparently, the special task force assisting Sargent Shriver, who heads the poverty program, will head the new agency, has managed to work out a resolution of what has amounted to a bureaucratic tug-of-war.

Reports Wednesday indicated there still were wide differences among the members of the task force, who represent such varying agencies as the departments of Labor, Welfare, Interior, Defense and Agriculture.

However, the source said that Walter Heller, chairman of the President's Council of Economic Advisers, began work Wednesday night on a final draft of the message.

### BASIC PROBLEM

The basic problem appeared to be how to coordinate the conflicting views and activities of the myriad of federal agencies involved in the massive project.

Welfare officials, who did much of the original planning, want to take it slowly. Other top members of Shriver's task force, according to reports, want to jump right in with a crash program designed to show quick results in this election year.

"Welfare wants to go about it with a spoon," said one source, "while some of Shriver's advisers want to use a shovel."

## Rocky Replaces Autograph Pen

ALBANY, N.Y. (AP)—After Gov. Nelson A. Rockefeller signed autographs in Kelly's drug store in Newport, N.H., one day last month, he apparently walked off with an employee's pen.

Michael Paul Towey, 15, wrote the governor, wished him well in the New Hampshire presidential primary and asked for his pen back. Rockefeller admitted nothing in his reply: "I am extremely sorry to hear that your pen was inadvertently slipped into my pocket and am sending you under separate cover a new one to take its place."

## Banks, Post Office Have Tax Booklet

WASHINGTON (AP) — Summaries of the principal changes under the new income tax reduction law are now available at post offices and banks, an Internal Revenue Service official said today.

The two-page instruction sheet also contains income tax rates which will apply to 1964 income. The instruction sheets are designed to help taxpayers who must file estimated income tax forms and are not related to the forms most taxpayers must file before April 15 to cover 1963 income.

## DELAY CASES OF FOUR PRO GRID PLAYERS

BLOOMINGTON, Ind. (AP)—Arraignment has been delayed for four former Indiana University football players accused of stealing a pay telephone from the wall of a laundromat.

Two of the players are signed with the Philadelphia Eagles of the National Football League.

Circuit Court Judge Nat U. Hill presided at a trial Wednesday and rescheduled for Friday the arraignments of Nate Ramsey, 22, of Neptune, N.J.; Will Scott, 24, of Connellsville, Pa.; Randy Williams, 26, of Gary, Ind.; and Ken Ellis, 22, of South Bend, Ind.

### WIRE "TAPPING BOX"

Ramsey was a defensive back for the Eagles last season. Scott recently signed with the Eagles. All four have completed their college playing eligibility, but are finishing up academic work at the university.

The four have been free on \$1,000 bail since the incident Feb. 20.

James R. Cotner, their attorney, said earlier the men lost three dimes in the telephone and "one of the boys was tapping it" when it fell to the floor.

## The POWER of FAITH

By WOODI ISHMAEL

Michelangelo worked almost two years creating the Pieta of St. Peter. After carving it with chisel and mallet from the flawlessly veined block of carrara marble, he spent hours polishing it with pieces of pumice. He wanted to bring out not only the physical beauty of the stone, but also the spiritual beauty of his subjects.

Michelangelo's concept of the masterpiece was revolutionary in his time, for he made Mary younger than Jesus. As he told his friend Condivi "... so that the virginity and the eternal purity of the Mother of God could be demonstrated to the world."

He had great conflict in reconciling this concept with those of the church, for until then, Mary had always been portrayed at her true age at the time of the crucifixion. During the struggle within himself and the stone, he wrote a prayer.

"Oh make me see Thee, Lord, where'er I go  
If mortal beauty sets my soul on fire,  
That flame when near to Thine must needs expire,  
And I with love of only Thee shall glow..."

His prayer was answered as thousands of people have attested to for the past 463 years. This year, the Pieta will be seen by thousands more at the New York World's Fair. They will see the power of Michelangelo's faith revealed in stone.

"Oh make me see Thee, Lord, where'er I go  
If mortal beauty sets my soul on fire,  
That flame when near to Thine must needs expire,  
And I with love of only Thee shall glow..."

## U. S. Officer Shot In Viet Cong War

SAIGON, South Viet Nam (AP)—American authorities reported today the death of a third U.S. Army officer in two days of the war against the Communist Viet Cong.

A spokesman said the American adviser was shot Wednesday in a skirmish 210 miles north of Saigon, near the intersecting borders of South Viet Nam, Cambodia and Laos.

He was the 115th American to die in combat since the U.S. buildup began in December 1961.

## Escaped Prisoner Surrenders Self

DOYLESTOWN, Pa. (AP) — Edward A. Pole, 21, who escaped from the Bucks County jail Wednesday, has given himself up.

When Pole, of Sellersville R. 1, had telephoned Warden John Case with the news that he had escaped, he told him, "I'm thinking of coming back." The warden Wednesday night quoted Pole as saying he stole a key in an office near the jail's main door while a guard was absent, then stole a car and drove to Albany, N.Y., before deciding to turn back and give himself up.

Pole was in jail for larceny of a car and parole violation.

## PROBE HANGING OF W. COFFIN

QUEBEC (AP)—A royal commission inquiry investigating all aspects of the trial of Wilbert Coffin, hanged in the slaying of three Pennsylvania hunters in 1953, heard lawyers argue Wednesday about whether Coffin's declarations of innocence were presented fairly during his trial.

Coffin died on the gallows for the deaths of Eugene Lindsay, 47; his 17-year-old son, Richard; and Frederick Clair, 20, all of Hollidaysburg, Pa.

**ADMITTS THEFT**  
Coffin, a prospector, had admitted stealing \$600 in cash, a knife and binoculars from the Pennsylvanians, but denied he killed them.

The inquiry began after a Montreal publisher, Jacques Hebert, charged in a book, "L'Accusé Coffin's Assassins," that Coffin was railroaded to the gallows as a result of U.S. pressure. Lewis Synnett, 38, a former policeman, now a hotel clerk, testified further Wednesday about his part in the Quebec provincial police investigation of the killings.

## Fled Communism For Second Time

MIAMI, Fla. (AP)—A refugee who arrived from Cuba Wednesday said it was the second time he had fled communism.

"I left China when I was 17, after communism killed my parents," said Amado Pon Yuitin, 29, one of 24 fugitives reaching Miami by small boats from Cuba. "Now I have left communism again."

Yuitin owned an ice cream parlor in Camaguey and had become a Cuban citizen.

## Scranton Suggests Simple Courtesy To Lure Tourists To Attractions Of State

HARRISBURG (AP) — Gov. Scranton believes simple courtesy may be the key to a more profitable tourist trade for Pennsylvania.

That's why he sought the help Wednesday of the citizens in this state who deal most directly with visitors.

Addressing a group of 41 service station attendants, taxi drivers, waitresses and policemen, Scranton said:

"We've got to tell people what we have to get them to come," the governor said, "and then we've got to get them to come back."

### RETURN VISITS

Scranton figured that getting tourists to come to Pennsylvania for the first time was his job, while getting them to come back was theirs.

"The person-to-person contact is more important than any other I know. You can entice people to come, but it takes personal contact to get them to enjoy it while they're here."

The luncheon was held to dramatize the fact that March is Tourist Preparation Month in Pennsylvania. Scranton told the group that tourism is the state's second largest industry.

Lt. Gov. Raymond P. Shafer said:

"The members of the service trades have a great impact on

tourism in Pennsylvania. To the tourists, you people are Pennsylvania."

### MUCH IMPRESSED

The point apparently got across.

"I was very much impressed," said Cpl. John Mueller of the York city police department. "It makes you realize that you (a policeman) have a job to do, but you've also got to put yourself in the other guy's shoes."

Bob Schrock, a service station attendant from Somerset in Western Pennsylvania, wholeheartedly endorsed the effort.

"Somerset is a winter tourist area," he said. "We put more effort into servicing an out-of-state car. The local people are there. We treat them right, naturally, but we work a little harder at the out-of-state driver because we want to bring him back."

### "NEW IDEA"

Scranton also came back with an idea on how to keep the tourists in Pennsylvania this year. He said he got the notion after the New Jersey Turnpike was closed because of fog.

"Everybody go get a smoke pot. We'll put a smoke screen over New Jersey so that people trying to get to World's Fair in New York will have to stay in Pennsylvania."

He was joking, of course.

## TIRED COUPLE FOUND DEAD, SEEKING REST

BELLEFONTAINE, Pa. (AP) — Centre County Coroner Robert Neff says the shooting deaths Wednesday of a 64-year-old Runville man and his wife were a murder and suicide.

State police received a telephone call from a man who said "a murder has taken place and there will be a further tragedy."

Fifteen minutes later they found Mrs. Ella Bottors, 66, shot to death and her husband, John, fatally wounded. Bottors died at the Centre County Hospital two hours later without gaining consciousness.

### DOGS SHOT TOO

Both had been shot in the head. Two pet dogs also had been killed.

Bottors was found with a .22 calibre rifle across his chest and a two-page note at his feet. The note said in part: "We're tired out and want to rest together."

Police said they believed Bottors made the telephone call. He gave his name and address, officers said, but refused to answer further questions.

## New Chemical Phenomenon Ends Floor Waxing Forever

From the Research Laboratories of a pioneer chemical formulator for the Polaris Nuclear Submarine, Missile and Space Industries comes a new discovery so unusual it's almost unbelievable.

Newark, N. J. (Special) — Now, for the first time in history, you can take the drudgery out of floor waxing and polishing forever. Available now in this area is a new chemical phenomenon — a clear liquid plastic polyurethane coating — manufactured by PRO-TEX-A-COTE, INC., Newark 14, N. J. that can be safely and easily applied with a lamb's wool applicator or brush, to all types of floors: asphalt, vinyl-asbestos, vinyl and rubber tile; linoleum composition, concrete, terrazzo, and wood flooring.

The name of this back-saver is PORSELOX PT-100; manufactured by the makers of protective coatings for the Polaris, Talos and Minuteman Missiles, Nuclear Submarines, missile bases, airports, and bridges; Du Pont, General Motors, Union Carbide, Ford Motors, General Electric, IT&T, General Dynamics, Westinghouse, Republic and Grumman Aviation, Lehman Bros. Properties, Waldorf-Astoria, Allied Chemical, National Lead, etc.

PT-100 imparts a high-gloss, mirror-like, nonslip, long lasting finish that never, never has to be waxed or polished. An occasional swish of a damp mop keeps your floor sparkling clean without dulling or yellowing with aging.

Your floors will be water, pet and baby-proof, resistant to spilled juices, boiling water, acids, oils, greases, all types of soaps and detergents, dries dust-free in 60 minutes, and will not chip, peel, crack or blister.

## STORY OF HUNT FOR THRESHER IS RECOUNTED

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—The "CBS Reports" program Wednesday night was a careful account of the frustrating hunt for the atomic submarine Thresher.

The ship sank last April 10 about 250 miles north of Boston with 129 officers and men aboard, 8,400 feet down in a "dark, silent and awkward world."

The story of the search showed the almost insurmountable problems: unpredictable tides, rough seas, enormous pressure and lack of vessels that can operate effectively at great depths.

The point of the television program was that the sinking had forced a realization of how little we know about the ocean depths.

"The Legacy of the Thresher" was a fine program.

N. H. VOTE COSTLY

A newspaperman has returned from New Hampshire, awe-struck and puzzled by the lavish three-way network competition in reporting next week's presidential primary vote.

He estimates that between the candidates and the networks, about \$2 million will be spent.

The vote will be an interesting guidepost in a presidential year. But unless the coverage is to get practice for November, it does seem the networks are going to a tremendous amount of expense and effort to report the balloting of 125,000 people, particularly when the final returns will not be in before most viewers, even those on the West Coast, are asleep.

LUCY TO RETURN

Lucille Ball, CBS now expects, will be back next season in her Monday night spot, after all. The comedienne's change of mind about continuing her weekly show was caused by the anticipated windup at season's end of ABC's "The Greatest Show on Earth." This would leave the studios of which she is president without a series on the networks next season.

Recommended tonight: Perry Como show, NBC, 10-11, musical variety from New Orleans.

The board, in other action, approved a permit for Reading Anthracite Co., Pottsville, for works to provide primary treatment of silt wastes discharged to the west branch of the Schuylkill River from its Norwegan Twp., Schuylkill County, anthracite coal preparation plant.

## NAACP FIGHTS CHANGES IN UC

PHILADELPHIA (AP)—The Pennsylvania State Conference of the National Association for the Advancement of Colored People says it opposes the proposed changes in the unemployment compensation laws and called on legislators to send the bill back for more study.

Two leaders, Henry R. Smith, state NAACP president, and Philip H. Savage, tri-state secretary, said Wednesday too few facts on the proposed changes are available to the public.

Smith's and Savage's statement called on legislators of both parties to send the bills to appropriate committees for further study and to make the findings available to the public.

The conference, which comprises 55 local chapters, said its opposition is not politically motivated. It said it does not differ from the end result sought by the administration of Gov. Scranton in seeking the changes.

But the statement said the proposals for changes affecting workers unemployed for both short and long terms and seasonal workers would create

Speaking at a regional safety and fire conference Wednesday, the mayor said he was upset by efforts of auto clubs "who seem to be in a campaign against what they say are errors in traffic tickets."

He admitted there were some errors and added, "we hope to correct this in time."

"We take great pride in our two and a half million visitors a year," he said, adding "if by some chance a mistake is made, it is not because we intend to do so."

He asked his audience to "bear with us in our campaign to make sure the laws are observed in Philadelphia."

# James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — President Johnson either overstated the case when he spoke of how much Americans are beloved or the anti-American outbursts by other peoples since Jan. 1 were just lovers' tiffs.

The latest hostility to this country came Tuesday night in Greece. Mobs rioting over the Cyprus civil war burned Johnson in effigy in Athens and on the island of Rhodes mobs stoned American offices.

Greece, which has been receiving foreign aid from this country, is an American ally in the North Atlantic Treaty Organization. The United States helped save it from communism after the war.

He said this after a number of episodes in which Americans had already suffered embarrassments and worse, including death.

Last Jan. 9 in Panama, which has also received U.S. foreign aid, plus rental for the canal, Panamanians rioted against Americans in the Canal Zone.

The basic reason was resentment against U.S. control of the canal and zone. In the rioting and shootings 20 people were killed, including three Americans.

Panama wants a change in the 1903 treaty giving this country the right to control the canal indefinitely. It broke off diplomatic relations with the United States and there has been no settlement yet.

In Zanzibar, which got its independence from Britain last Dec. 10 but where the Arab minority controlled the government, black Africans revolted Jan. 12 and set up their own leftist regime.

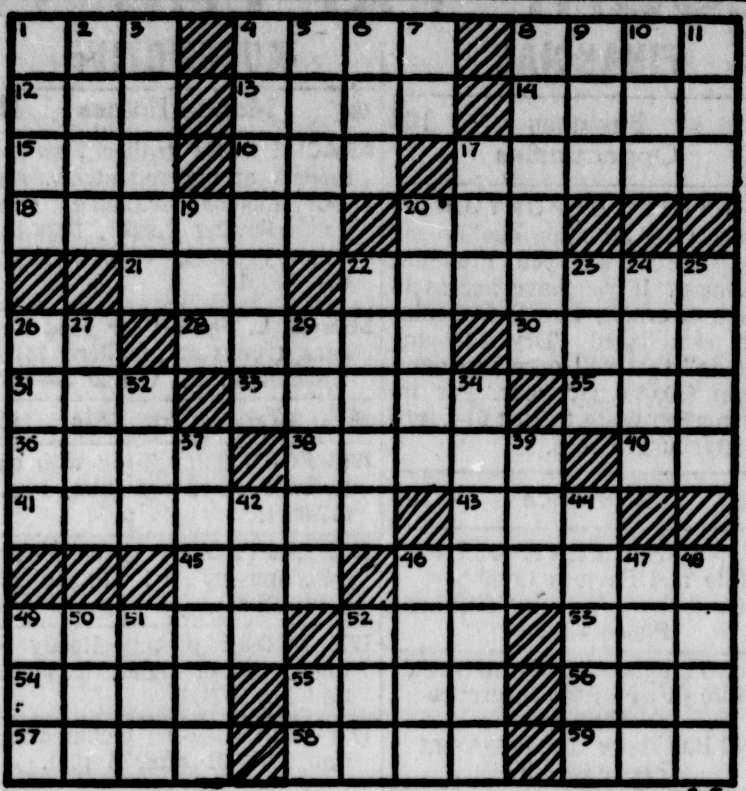

The Russians recognized their new government quickly but the United States delayed. The Africans responded by arresting and expelling two American diplomats until this country gave recognition Feb. 23.

Zanzibar is part of the British Commonwealth. Also in February in Africa's Ghana the United States was accused, by President Kwame Nkrumah's government-controlled press and radio of being behind the latest alleged attempt to assassinate him.

A mob, steamed up by the dictatorial Nkrumah's politicians, demonstrated before the U.S. Embassy and ran down the American flag. The government deported four American professors.

The United States recalled its

**MILLIONS IN CASH**

This country has a commitment of \$147 million in long-term loans to help build the Volta River dam for Ghana and an aluminum smelter to be run by private American companies for the Ghana government.

Other economic aid from this government to Ghana runs into the millions.

In South Viet Nam, where the United States for eight years has pumped in billions of aid, economic and military, to help its fight against the North Vietnamese Communists, anti-Americanism took a vivid, bloody turn.

The Communists, infiltrating the capital of Saigon and using a deliberate campaign of terror by assassination, have wounded and killed Americans with bombs and bullets.

In Athens Tuesday night the rioters complained the United

WASHINGTON (AP)—In the news from Washington:

**BUNNIES:** That long-legged variety of bunny who hippity hops through Playboy clubs is being eyed by union officials.

The Hotel and Restaurant Employees and Bartenders International Union is demanding that the bunnies get wages in addition to tips.

Union President Ed S. Miller of Cincinnati, Ohio, also charged Tuesday that the girls—decked out in scanty costumes with rabbit ears—who work for the national chain of Playboy clubs are forced to kick back part of their tips to bartenders and busboys.

extended to clubs in other cities he said.

Leaders of the AFL-CIO union, holding their annual executive board meeting here, also talked about extending the federal minimum law to hotel and restaurant employees.

**POVERTY:** Although not completely worked out, President Johnson's antipoverty program apparently will contain three key proposals, informed sources said Tuesday.

The three: Federal grants to communities for local action, a corps to train youths, and a program to create employment in depressed areas through low interest loans to industries.

The program may run closer to \$800 million than to the \$500 million envisioned in President Johnson's budget, it is reported.

**BILL:** The White House is not talking about its telephone bill. Sen. Barry Goldwater of Arizona, campaigning for the Republican presidential nomination in New Hampshire, said President Johnson claims to have cut the executive mansion's light bill \$1,200 but does not mention a \$160,000 telephone bill. Goldwater said Johnson ran up the bill trying to be palsy-walsy with businessmen from coast to coast.

Asked about it Tuesday, press secretary Pierre Salinger asked "How are you going to segregate the President's phone bill from the White House phone?" "How are you going to segregate the President's light bill from the White House light bill?" the newsmen asked in turn.

"We've never discussed the light and phone bills in the past and we are not going to now," declared Salinger.

UNIVERSITY STATUS ASKED FOR TEMPLE

PHILADELPHIA (AP) — The president of Temple University Tuesday night asked that his school be given the status of a state university in southeastern Pennsylvania.

Dr. Millard E. Gladfelter, speaking at the university's 80th annual dinner, said, "Southeastern Pennsylvania, which is the most populous area in the state, needs an institution which can do for urban society that which the land-grant colleges did for rural America."

Temple honored 80 distinguished alumni at the dinner.

**COSTS MOUNTING**  
Gladfelter said the five counties in southeastern Pennsylvania have 33 per cent of the state's population, and as compared with national standards, the college potential is tapped at a pitifully low level.

"It will be a sorry day for our city and country," he continued, "when only the economically favored can afford higher education... Temple has striven constantly to keep tuitions at the lowest possible level so that all who desire can, with the help of scholarships, loans and employment, secure an education. But already, law, medicine and dentistry are out of the

reach of some. MANY HONORED

"It is impossible for us to continue to move forward as significantly as we are now doing and to keep tuitions low without more substantial help from public sources," he added.

Among those honored at the dinner were G. Everett Hill III, executive editor of the Rome Daily American; James R. Dumpson, New York City's welfare commissioner; Morton Da Costa, stage and film director; Pennsylvania Superior Court Judge Harold L. Ervin; Judge Albert B. Maris, of the U.S. Circuit Court of Appeals for the Third Circuit; Clarence R. Moll, president of Pennsylvania Military College; Alvadee Hutton Adams, editor of U.S. Lady magazine; State Secretary of Public Welfare Arlin M. Adams and Philadelphia Mayor James Tate.

Sees New Wealth For Steel Firms

NEW YORK (AP)—The Iron Age, a metalworking weekly trade publication, says at least \$22 million will be added to the incomes of steel corporations this year as a result of the federal tax cut.

The Iron Age predicted a record high cash flow in the industry. Cash flow, in addition to profits, includes chiefly amounts set aside to replace worn out machinery and equipment.

Increasing investment credits

under a 1962 law, liberalized depreciation allowances, the tax cut and better business all were contributing to the brightened outlook, the Iron Age said.

The publication said production has hit an eight-month high and is approaching three fourths of mill capacity.

Lou Brissie, former pitching star for the Philadelphia Athletics, is scouting for the Milwaukee Braves.

Raps British On Bus Sales To Cuba

NEW YORK (AP) — Former Vice President Richard M. Nixon on Tuesday assailed the British firm that sold buses to Communist Cuba.

"If they sell buses to Castro, then they can't sell autos here," he said.

Nixon didn't mention the British firm by name. But there was little doubt he was referring to Leyland Motors Ltd.

when he called for a "selective embargo" against foreign companies that trade with Cuba.

He told 1,300 persons at a luncheon meeting of the New York Building Congress that American markets should be

closed to foreign firms that sell anything except food and medicine to Cuba.

Over 200,000 gallons of water are used daily in the U.S. for home and industrial purposes.

# Taxpayers Will Spend Extra Income On Better Services To Build Living Standards

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—A clue to how Americans will use at least part of their additional take-home pay, thanks to the tax cut, is offered today by the new cost of living index.

They'll spend it for more of the things they didn't buy in quantity a few years back.

The Labor Department's new consumer price index also helps clear up another mystery for many citizens: How come the outgo side of the family budget always seems to rise more than the old index said it should?

NEW ITEMS  
The new index takes in items that loom large on some family budgets now, but which the old one, as last revised in 1953, ignored. And the new one says that families spend a smaller percentage of their incomes now on such things as food than they did formerly, although eating better; and considerably more on other goods or services than they did when personal incomes were smaller.

Since the price of food hasn't gone up as much in recent years, as has the cost of many goods and services not thought of as necessities, the new way of calculating the cost of living gives a clue to where the money goes—for new goods and services, or more of those once thought of as luxuries or now-and-then items.

And since Americans have tended in recent years to put any extra income into such upgrading of living standards, the additional take-home pay may well add to the volume of such spending. Whether this increased demand will affect prices or charges remains to be seen.

The Bureau of Labor Statistics says the cost of food has risen 6 per cent in the last 10 years. If your grocery bill has gone up more than that, the bureau suspects that is because you now buy higher quality meats and vegetables, which naturally cost more than economy grades; and that you spend much more for convenience, precooked or otherwise processed food. Also there are a lot of new food items, or new versions of old items, that tempt you.

## FOOD SPENDING DOWN

Even so, the bureau holds that the percentage of the family budget spent for food has slipped from 28.18 in 1953 to 22.43 today. The new index thus won't be affected as much by the changes in prices of various foods as in the past.

The items in today's family budget to which the government gives more emphasis include housing, with hotel and motel rates newly added, up to 33.23 per cent from 30.17; transportation, to 13.88 per cent from 11.65, with autos and car serv-

## Asks Musmanno To Leave Bench

WASHINGTON (AP)—Sen. Joseph S. Clark, D-Pa., called Wednesday for the resignation of Michael S. Musmanno from the state Supreme Court or his withdrawal as a candidate for the Democratic senatorial nomination.

"He ought to get off the court or get out of the race," Clark said in an interview. Clark last month endorsed Miss Genevieve Blatt, state secretary of internal affairs, for the nomination against Musmanno. The latter has the support of most Pennsylvania Democratic leaders, including Frank Smith, the Philadelphia chairman.

Clark cited the canons of the American Bar Association in challenging Musmanno to resign.

## SPLITTER APPEARS

DALLAS, Tex. (AP)—A 22-year-old Irving resident, accused of spitting upon United Nations Ambassador Adlai Stevenson last October here, must appear in court Thursday.

The trial of Robert Edward Hatfield is scheduled in County Criminal Court of Appeals. The aggravated assault complaint charges Hatfield with spitting and striking at L. R. Lawson, Dallas police officer who arrested Hatfield after he allegedly spit upon Stevenson.

Accounting for most of the increase: health and recreation up to 19.45 per cent from 18.03. Some of the new spending habits the government now acknowledges are parking fees, college tuition, outboard motors, moving expenses, golf fees, legal aid, funeral services, and between-meal snacks.

## EXTRA TAX CUT WONT HIT \$800 MILLION A MO.

By ROGER LANE  
NEW YORK (AP) — Federal tax cut benefits will show up in paychecks of millions of Americans starting today.

But the extra money gushing into the nation's spending stream—or savings institutions—probably won't total the \$800 million a month estimated by some tax cut backers.

A cross-country Associated Press survey showed a scattering of employees, mostly salaried, had asked that benefits be stored up for them.

Most workers apparently looked forward with relish to a reduction in taxes withheld.

"I want every nickel I can get my hands on to pay my bills," said a Cleveland employee of the Internal Revenue Service.

Employers reported few hitches in adjusting payroll procedures, especially concerns with automated bookkeeping. Basically, they hereafter will withhold 14 per cent of earnings instead of 18 per cent.

"We just changed a few wires in the machine and that was it," said Manley Eubank in Raleigh, N.C. Eubank's Central Data Processing unit runs off paychecks for 10,000 North Carolina state employees.

The \$11.5-billion tax cut, largest in U.S. history, provides reductions averaging 19 per cent for 80 million citizens.

"No trouble at all" or "it took only a couple of minutes" were common reports from employ-

## Seven Perish In Fire Tuesday Night

FORREST CITY, Ark. (AP) — A woman and six children perished when fire destroyed a three-room wooden house Tuesday night.

The fire started during a thunderstorm, Police Chief George Trusty said. Cause of the fire was not known.

Neighbors said two Negro women and their children lived in the house.

Trusty said the victims were burned beyond recognition.

ers, including such giants as General Motors Corp. with 640,000 employees.

In Salt Lake City, Mountain States Telephone Co. said it was "working frantically" to adjust its equipment. H. J. Heinz Co., with 7,000 employees, said at headquarters in Pittsburgh that its payroll staff was putting in extra work.

In cases such as these, the rub seemed to be in meeting employee requests for more treatment other than reduction in taxes withheld.

In Pittsburgh, Norman Reichert, assistant treasurer of Philco Corp. with a 22,000-man payroll, said he expected some salaried persons to ask for an unchanged withholding level—or for one higher than required by law.

"These people in the past have had larger-than-required sums withheld to avoid payment of a large lump sum amount when it comes time to file their annual tax return," Reichert said.

The Philco official said hourly rated production workers apparently all wanted increased take home pay.

## Tells How Yank Was Killed In Viet Nam Raid

By PETER ARNETT

SAIGON, South Viet Nam (AP) — "If we hadn't charged," the Vietnamese general said, "we would have been annihilated. McCarthy was right up there with me."

Brig. Gen. Ca Van Vien, commander of South Viet Nam's airborne forces, was describing from his hospital bed how Capt. Thomas W. McCarthy of Fayetteville, N.C., was killed and he was wounded in a charge against Viet Cong guerrillas near the Cambodian border Tuesday.

The guerrillas sprang a dawn ambush on two paratroop battalions, commanded by Vien, that had been walking all night in an attempt to catch the Communists off guard. Vien's forces suffered 14 dead and 85 wounded.

### KILLED 35 REDS

The general said he thought his men killed about 35 guerrillas but they didn't have the bodies to prove it.

The guerrillas were hiding in light brush and let one of Vien's battalions and two companies of the other pass. Then they opened up with recoilless rifles and automatic weapons.

"In the confusion that followed that initial outburst of fire," said Vien, "part of the company started to break up. But McCarthy was immediately among them rallying them together."

McCarthy was senior adviser to the battalion.

McCarthy, a tall, gangling officer, came racing up to Vien to join in the assault. Just before he reached the general, a guerrilla's machine gun began spraying the area, and the American toppled to the ground with a bullet through his head.

The Viet Cong started moving out, firing frequent bursts, and within an hour contact had been virtually lost. The shooting was over two hours after it started. The Viet Cong was believed to have escaped across the Cambodian border, about 800 yards from the battleground.

U.S. ADVISER KILLED  
Another American adviser was killed Tuesday in the am-

bush of a Vietnamese Ranger unit 30 miles northwest of Saigon in which a Vietnamese soldier was killed and seven others wounded.

The American's identity has not been announced.

Since the United States stepped up its aid in the anti-Communist war at the end of 1961, 114 Americans have been killed in combat and 192 have died from all causes.

BREAK TALKS ON PROBLEMS IN MALAYSIA

By GIL SANTOS  
BANGKOK, Thailand (AP)—Indonesia, Malaysia and the Philippines broke off their conference on the Malaysia crisis Wednesday because Indonesia and Malaysia could not agree on withdrawal of anti-Malaysian guerrillas from Malaysian Borneo.  
Philippine Foreign Minister Salvador P. Lopez said the conference was recessed and "the door is still open." He said Foreign Minister Thanat Khoman had agreed to serve as liaison among the three disputing governments.  
Lopez said cease-fire arrangements along the Malaysia-Indonesia border in Borneo would "remain as they are." He announced that personnel from Thailand would go to Borneo as soon as possible to supervise the cease-fire.  
**SHAKY CEASE-FIRE**  
The shaky cease-fire went into effect Jan. 25 after negotiations by U.S. Atty. Robert F. Kennedy during an Asian trip.  
Malaysia demanded the cease-fire be made effective by withdrawal of the guerrillas to Indonesian Borneo. It refused to discuss political issues until the cease-fire issues were settled.  
Indonesia demanded that political issues be taken up along with the cease-fire discussion. The Indonesians want a plebiscite in the Malaysian Borneo states of Sarawak and Sabah to determine if the people want to be part of Malaysia. Indonesia

Shore May Get Liberty Bowl

ATLANTIC CITY, N.J. (AP)—Atlantic City business men have promised to raise \$25,000 to switch the Liberty Bowl post-season football game here from Philadelphia — if adequate television arrangements can be made.  
Michael J. Fiore, chairman of the city's special events committee, said Tuesday that the \$25,000 guarantee sought by Liberty Bowl president Ambrose (Bud) Dudley could be met but, he added:  
"If Dudley doesn't get the television contract, there will be no Liberty Bowl played here. We'll sign a contract as soon as Dudley gets the national television contract."  
Dudley told Fiore negotiations were underway with NBC and meetings are scheduled with CBS and ABC. Liberty Bowl's five-year contract with NBC expired with the 1963 game.  
Fiore said Dudley would know "within a week to 10 days if he will have a network television contract."

Arab Diplomats Renew Relations

CAIRO (AP) — The United Arab Republic and Saudi Arabia have agreed to resume diplomatic relations immediately as a step toward settlement of their dispute over the revolution in the Arabian kingdom of Yemen.  
Restoration of diplomatic ties, severed after the Yemeni monarchy was overthrown in 1962, was announced in Cairo and Riyadh Tuesday after three days of talks in the Saudi Arabian capital.  
also wants Britain to withdraw its troops from Malaysia and close out its bases there.

Toast bread if desired; spread with butter; make 3 sandwiches with the shrimp filling — there should be about 1/4 cup of the mixture for each.

Cut each sandwich into 4 triangles and serve at once. Makes 3 servings.

In a 1-quart saucepan, stir together the salt, turmeric and boiling water; add the rice. Bring to simmering; cover; simmer over low heat until rice is tender and water absorbed — about 25 minutes. Fluff rice with a fork; turn into a serving dish and garnish with pimiento. Makes 3 servings.  
**SUNDAY DINNER**  
Stuffed Breast of Veal  
Oven Potatoes Brussels Sprouts  
Salad Bowl Bread Tray  
Brownstone Cream Cheese Pie Beverage  
**BROWNSTONE CREAM CHEESE PIE**  
3 tablespoons butter or margarine, melted  
1/4 cup packaged graham cracker crumbs  
1/4 cup chopped (medium coarse) walnuts

2 eggs  
3 packages (3 ounces each) cream cheese, at room temperature  
1/4 cup sugar  
1/2 teaspoon vanilla  
1/4 cup canned chocolate syrup  
Mix together the butter, crumbs and walnuts. Press evenly over bottom and sides of an 8-inch ovenproof glass pie plate so crumbs come slightly over rim. Bake in a moderate (375 degrees) oven for 5 minutes; remove and reset oven to 325 degrees. Meanwhile beat eggs until thick and pale lemon colored. Without washing beater, beat the cream cheese, sugar and vanilla until fluffy and smooth; add eggs and beat just to blend. Turn into hot baked pie shell. Pour the chocolate syrup in a thin stream in straight vertical lines across cheese mixture; with a knife touching down to but not through the crust, draw the knife crosswise through chocolate to give a "veined" effect. Bake in the 325-degree oven for 25 minutes; cool; chill for several hours before cutting. Center will be slightly soft but wedges can be lifted neatly from pie. Pie may be held in refrigerator overnight to serve the next day, but crust — although delicious — will lose a little crispness. Makes 6 servings.

High State Court Again Balks Plea

AUSTIN, Tex. (AP) — The State Supreme Court refused Wednesday for the second time to hear arguments that television viewers who saw Jack Ruby shoot Lee Harvey Oswald cannot serve as jurors in the Ruby murder trial.  
The nine-member court denied without comment a defense plea that a hearing be held on the contention by Ruby's lawyers that persons who saw the TV shooting are witnesses and as such are disqualified to serve as jurors.  
The action in effect upheld a similar denial by the court Feb. 24 and numerous such rulings by the Dallas trial court.  
Eleven of the 12 jurors in the panel completed Tuesday said they saw all or part of the television scene in which Oswald, accused assassin of President Kennedy, was shot.  
ISTANBUL, Turkey (AP) — A Turkish noncommissioned officer accused a member of the Soviet consulate staff Tuesday of trying to obtain secret information from him.  
Police questioned the Russian, Anatoly Rimarchuk, and released him because he had diplomatic immunity. The police did not identify the soldier.

# QUEBEC: Revolt In The Provinces

By RICHARD F. NEWCOMB  
AP Newsfeatures Writer

Canada is coming to grips with one of its most vexing problems—unrest among French Canadians in the Province of Quebec.

The strife goes all the way back to rival French and English explorations and settlements in the 16th and 17th centuries. It has been a rocky road ever since, but a peace of sorts settled over the vast land with the founding of modern Canada under the British North America Act of 1867. That act became the constitution of Canada, but Quebec has never been satisfied with the arrangement.

## FRENCH CATHOLICS

Quebec, second most populous of Canada's 10 provinces (after Ontario), is virtually a nation within a nation. French is the language of the province's 5.5 million people, and the culture is strongly French. The religion is Roman Catholicism.

The irritation arises from the fact that federal rule, from the national capital in Ottawa, in the Province of Ontario, retains a strong British flavor. English is the language in Ontario and Protestantism is the predominant religion.

During the first century of confederation, now drawing to a close, the French Canadians in Quebec have felt a growing impatience over unsettled grievances against the federal government. Now they mean to have action.

## TERRORISM BREAKS

In the past year, terrorism has broken out in the form of dynamite bombings. Armories in Quebec have been looted of large quantities of arms, and hoodlums speak of seceding from Canada. There is even talk that Queen Elizabeth II would not be safe there when she visits Canada in October.

Prime Minister Lester Pearson, a Nobel Peace Prize winner and former president of the United Nations General Assembly, has termed the discontent in Quebec one of Canada's most pressing problems. A Royal Commission on Bilingualism and Biculturalism has been appointed, but it is not expected to report until 1966.

In the meantime, the first of a federal-provincial conference will open March 31 in the city of Quebec.

## OPPOSE SECESSION

What do the French want? In the first place, responsible leaders do NOT want secession from Canada. Jean Lesage, premier of Quebec and a member of Pearson's own Liberal party, believes separation would be a disaster. He wants a new federal constitution, granting more autonomy to Quebec and a larger share of national revenues. The first conference will discuss the money question.

The views of Lesage's government are summed up in a recent statement by the premier: "We ask to have returned to the province all the rights granted

to us when, as one of the two founding races of Canada, we agreed to enter confederation. We want to get out of all the joint federal-provincial programs under which Ottawa spends money on provincial projects. Let Ottawa give us the equivalent in money and let us spend it as we see fit."

## THREE DEMANDS

Specifically, the French want: 1. Autonomy except in foreign affairs, defense and currency. 2. Bilingual federal civil service at Ottawa, with more senior jobs for French Canadians. 3. Greater share of national revenues and authority to spend it as Quebec wishes.

Language causes a great deal of trouble. Both English and French are official languages in

Canada, but in fact the government at Ottawa functions in English. The French Canadians assert that British capital and management control Quebec's industrial development and French-speaking employees are discriminated against in big business. To counteract this feeling, scores of English executives in Quebec are now studying French and promising young Frenchmen are shooting up the executive ladder.

## HUNGER STRIKE

Separationist fever has perhaps subsided slightly in recent months, except for the terrorists, whom no one in responsible position condones. At one point last year Marcel Chaput, head of the Republican party, went on a hunger strike to attract attention to the separatists and raise funds for his organization. His party then had about 5,000 members, but Chaput has since resigned and membership is declining.

However, there is no question that French Canadians consider themselves different from other Canadians.

And as far as they are concerned it's "Vive la difference."

## AGREE TO LOAN

CAIRO (AP) — The United States agreed Wednesday to lend the United Arab Republic the equivalent of \$69.3 million in local currency drawn from the sale of American surplus commodities here.

The loan, to be used in financing U.A.R. development plans, is repayable over 30 years.

## FLU EPIDEMIC

BELGRADE (AP) — The Yugoslav press reported Wednesday that a flu epidemic is spreading in the country and has so far caused 21 deaths.

## CHARMBURY TALKS TO 150 STRIP MINERS

HARRISBURG (AP) — State Mines Secretary H. Beecher Charnbury says some operators are finding it hard to "live with" the 1963 bituminous strip mine law because they do not understand many of its provisions.

For this reason, he said, a private engineering firm is attempting to clarify the provisions in a special booklet to be published.

Charnbury spoke Wednesday to more than 150 strip mine operators, mining engineers and their representatives who asked for clarification of the act.

## NOT IMPOSSIBLE

Frank Mohny of Butler, an officer in the Independent Mineral Producers Association, called on the Land Reclamation Board to eliminate a regulation requiring full restoration of slopes of 12 degrees or less, to base restoration on location of land, its use and value, and to define the words "approximate contour" in the act.

"We're trying hard to get clarification, but it is going to take time and patience," Charnbury said.

He took issue with some of the two dozen industry speakers who contended that the new backfilling requirements are "economically unfeasible."

"We think you operators can live with this law when we get it clarified," the secretary said. He announced that the firm of Robert Kimball Engineers, Ebersburg, is working on a booklet that will include detailed instructions on the method of filling in applications for mining permits, along with sample maps.

## A Lovelier You

By MARY SUE MILLER  
SPRING REDUCING SERIES.  
Make haste to reduce a heavy calf or ankle. Neither one will take kindly to the spring fashion combination of paler stockings.

lowered heels and knee-length hemlines.

Reduction is not difficult. These easy routines turn the trick:

1. For the calf. Sit on a carpeted floor, legs outstretched and together; point toes toward ceiling. Slowly separate legs as far as possible, drag—really drag—calves along floor. By reversing action, return to starting position. Repeat 15 times.

2. For ankles. Sit on edge of a chair with legs outstretched so that only heels touch floor. Rock feet slowly forward until they rest, full length, on floor—hold for five counts; very quickly rock back to heel position. Repeat 20 times.

3. For both areas. Stand with weight centered on heels. "Dig" heels into floor, until leg muscles tighten and begin to quiver. Relax and repeat 10 times.

Reducing Extra: Whenever possible, make a point of switching heel heights several times daily. Low heels tense the leg muscles, while high heels let the muscles go slack. A switch in heights equalizes muscular action. The effect is almost as beneficial as formal exercise. Almost, mind you!

If your individual problem is heavy legs, send for my new leaflet, LEGLINE TRIMMERS, which contains spot reducing exercises that will meet your individual needs, whether for thighs, knees, calves or ankles or for contouring your entire legline. Write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

## EMMITSBURG ELECTION SET FOR APRIL 28

The Emmitsburg town council made plans for the new town water system and the forthcoming town elections at its monthly meeting Monday night.

There will be a special town commissioning next Monday night to open the 12 bid proposals they have received for the construction of a new filtration plant and reservoir.

The town election date was set for April 28 at the meeting Monday night, with enrollment books open to the public at the town office until 10 days before the election.

Town council also discussed the progress of the installation of a new 10-inch water main from Rainbow Lake to Emmitsburg which will eventually replace the old six-inch pipelines installed by a private water company.

## WORK DELAYED

Mayor Ralph F. Irelan reported that the new water main which contractors have been working on for the past two months when weather permitted, would not be completed until next fall because of unexpected trouble in excavating rocks along the pipeline route.

Mayor Irelan and town commissioner John S. Hollinger, president of the town board, whose terms expire with the town election on April 28, have still no decided if they will seek another term of office. Both have been in office for only one term.

The other two town commissioners, Dr. J. W. Houser and J. Norman Flax, will come up for election one each in the next two years under the town's staggered system of electing its officials.

The mayor has a two-year term of office in Emmitsburg and town commissioners are elected for three-year terms.

Candidates for these offices must be residents of the town for one year and must be property owners but need not present a petition signed by any town voters, as is required under new charters in several other Frederick County towns.

## STORM BLOWS FROM ROCKIES INTO MIDWEST

By THE ASSOCIATED PRESS

A fast-moving snowstorm from the southern Rockies swept across Midwest areas Wednesday and thunderstorms and rain hit sections from Texas eastward to the Atlantic Coast.

The storm that left nearly a foot of snow in parts of the Southwest spread across areas in Nebraska, the Dakotas, Minnesota, Iowa and Wisconsin and headed into central and eastern sections of Upper Michigan.

Warnings of heavy snow were issued by the Weather Bureau for central areas.

Thunderstorms hit areas in east Texas and Oklahoma and spread eastward across parts of Arkansas, Tennessee, Kentucky, Alabama and Mississippi. Hail was reported in some parts of the storm belt.

Freezing rain pelted some parts of the upper Mississippi Valley and the Great Lakes region.

Colder air moved into the upper Great Lakes region but temperatures generally were in the 20s and higher. It was cold and clear in most of the snow-covered areas in the Southwest. Denver reported a reading of six above.

Mild weather prevailed in much of the East and South with temperatures far above seasonal marks in many areas. Record high readings for March 3rd were reported Tuesday in Daytona Beach, Fla., with 88, and Buffalo, N.Y., with 55.

## Texas Smokers Cut Tax Revenue

AUSTIN, Tex. (AP) — State Treasurer Jesse James blames the cigarette smoking scare for a \$1.2 million drop in revenue from the state cigarette tax during February.

"Looks to me like a lot of cigarette smokers are cutting down or quitting," James said Tuesday. "I don't know how else to explain it."

February cigarette tax stamp sales were \$5,651,381, compared to \$6,864,599 in February, 1963, James said. Sales this January were \$7,301,882.

## Report Clay Has Failed Mental Test

LOUISVILLE, Ky. (AP)—The Defense Department has declined comment on reports that Cassius Clay, new heavyweight boxing champion, flunked the Army's mental examination, the Courier-Journal said Wednesday.

A pre-induction examination was given Clay on Jan. 24 in Coral Gables, Fla.

The Courier-Journal said it is presumed another mental test will be given Clay soon.

The Defense Department said the final word on whether Clay is eligible for induction will be sent to his draft board in Louisville.

## D. BRINKLEY'S SPECIAL WINS LAVISH PRAISE

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—Last September when the U.S. State Department was busy arranging a three-day state visit of Emperor Haile Selassie of Ethiopia, NBC was almost as busy preparing a report on the etiquette of a state visit.

The report, "Our Man In Washington," was shown Tuesday night.

NBC cameras were in State Department offices when Angier Biddle Duke, in charge of protocol, discussed final details with the Ethiopian ambassador.

Cameras were in the royal train as it drew up to the Washington station platform and a formal reception complete with a 21-gun salute.

Cameras were in the kitchens during preparations for a lavish State Department luncheon. They were behind the bar at the emperor's \$9,000, 1,000-guest reception for official Washington.

Cameras were trained on President John F. Kennedy, looking healthy and tanned, as he received the emperor.

Sight of the late president was a damper to this viewer on the rest of the light-hearted program.

It was one of David Brinkley's occasional specials. Perhaps because of the presence of Kennedy, he seemed rather restrained in his comment.

Brinkley does have a keen eye for detail. He noted the care used to hang Ethiopian flags right side up — because they become Bolivian flags when upside down. His cameras lingered lovingly on bartenders' agile hands, on platters of meatballs and shrimps at the cocktail party, on the pastry gun making icing rosettes on a cake.

A touching moment was recorded after the emperor, an admirer of Abraham Lincoln, had laid a silver wreath at the Lincoln Memorial. As an interpreter translated the Gettysburg Address, tears were clearly visible in the sovereign's eyes.

"Our Man In Washington" made magnificent use of color. For those who saw the program in all its glory it was a most interesting 60 minutes. For others it must have dragged frequently. There was a marked tendency to linger overlong, like impolite guests, at the receptions and parties.

"Alfred Hitchcock Presents," dropped by CBS from next season's schedule, will return to NBC, replacing the "Eleventh Hour."

## Moon Men Study Arizona Canyon

HOUSTON, Tex. (AP) — The nation's 14 newest astronauts left Wednesday for a first-hand study of one of nature's marvels, the Grand Canyon.

Two U.S. Geological Survey instructors will guide the astronauts through the mile-deep Arizona canyon, pointing out rocks and other features which the spacemen will need to recognize when they reach the moon.

One task of the astronauts will be to bring back 80 pounds of the moon's surface from lunar voyages.

ROCHESTER, N.Y. (AP)—A draft for the Republican presidential nomination "would clearly be a most imperative call to duty," but is not possible, says Henry Cabot Lodge.

Lodge, U.S. ambassador to South Viet Nam, said in a letter from Saigon: "The situation here is such that I could not leave here in the near future."

The letter was sent to Lewis T. Connolly of the Rochester Draft Lodge Committee who made it public Tuesday.

Lodge backers in New Hampshire are seeking a heavy write-in vote for him in that state's presidential primary Tuesday.

John Davis Lodge, brother of the ambassador, said Tuesday in Holyoke, Mass., that the outcome of the primary will help determine his brother's political plans.

Residents of Casine and Villawent without supper Tuesday night, launching a hunger strike they said they would maintain until they are assured a road from their Apennine Mountain villages to a highway two miles away.

Only two infants were fed. Most of the villagers were elderly couples who tend cows and sheep, their sons and daughters having gone off to work in prosperous regions of Italy.

The two villages are linked to the nearest town, Lama Mocogno, by a steep footpath. They say they have been promised a road for years.

The champion Los Angeles Dodgers played before 4,173,444 fans, at home and on the road, during the 1963 National League pennant race.

LONDON (AP) — The Soviet military newspaper Krasnaya Zvezda (Red Star) claimed Wednesday that American, British and French planes have been buzzing Russian merchant ships in the eastern Mediterranean.

NATO warships also had dangerously crossed the paths of the Soviet vessels, the paper said.
